PART 1  Compensation to Workers and Dependents

Part 1:  Division 1  Scope of this Part

Application

2.  (1) This Part applies to all employers, as employers, and all workers in British Columbia except employers or workers exempted by order of the Board.
   (2) The Board may direct that this Part applies on the terms specified in the Board's direction
      (a) to an independent operator who is neither an employer nor a worker as though the
          independent operator was a worker, or
      (b) to an employer as though the employer was a worker.
   (3) The application of this Part under subsection (2) to an employer does not exempt the
       employer, as an employer, from the application of this Part.

Extending application

3.  (1) Admissions under this section may be made at the time, in the manner, subject to the
     terms and conditions and for the period the Board considers adequate and proper.
     (4) Where a person or group of persons carries on an undertaking that the Board thinks is in
         the public interest, the Board may, on the terms and conditions it directs,
         (a) deem the person or group of persons, whether or not any of them receive
             payment for their services, to be workers for the purposes of this Act;
         (b) on approval of the Lieutenant Governor in Council, deem the person or group of
             persons to be workers of the Crown in right of the Province; and
         (c) where a person who is deemed to be a worker is not regularly employed, and
             having regard to all the circumstances, including his or her income, fix his or her
             average earnings at not less than $135.30 per week or more than the maximum
             wage rate provided under section 33.
     (6) Where the Minister of Education, Skills and Training and the Minister of Labour
         approve a vocational or training program, and a school or other location as a place of
         that vocational or training program, the Board may, at the request of either minister,
         deem any person or class of persons enrolled in the program to be workers of the
         Crown in right of the Province and compensation under this Act is then payable out of
         the accident fund for injuries arising out of and in the course of training for those
         workers, but where the injury results in a period of temporary disability with no loss of
         earnings,
         (a) a health care benefit only is payable except as provided in paragraph (b); and
         (b) where training allowances paid by Canada or the Province are suspended, the
             Board may, for the period it considers advisable, pay compensation in the
             amount of the training allowance.
     (7) Where a person or group of persons is engaged in a work study program or other
         program of self improvement involving work, whether or not the person or group
         receives payment for the work, the Board may
         (a)
on the application of an employer or a program organizer, and on the terms and conditions the Board directs, by order, admit the person or group as being within the scope of this Part, and, on admission, the person or group is deemed to be a worker or workers to whom this Part applies, and the Board may levy assessments on the employer or program organizer by the formula the Board determines; or

(b) with the approval of the Lieutenant Governor in Council, deem a person or group engaged in the program to be workers of the Crown in right of the Province, on the terms and conditions the Board determines.

Fishing industry

4. (1) The Lieutenant Governor in Council may make regulations to

(a) define the terms used in this section, and, for this purpose, the term “fish” may be defined to include any species of animal living in water, and the term “commercial fisher” may be defined to include the master and crew of a fishing vessel, the master and crew of a fish packing vessel and any other person who contributes in any manner to the catching or landing of fish for sale or commercial use;

(b) provide that any provision of Part 1 relating to workers applies or may be applied to any commercial fishers working in or out of British Columbia ports, or on or about the waters of British Columbia, or resident in the Province, notwithstanding that they may not otherwise be workers under this Act;

(c) provide that any provision of Part 1 relating to employers applies or may be applied to any commercial buyers or other commercial recipients of fish, or to any person engaged in the Province in transmitting payments to commercial fishers, notwithstanding that they may not otherwise be employers under this Act, and, to the extent the regulations provide, each buyer, recipient or payor is deemed to be the employer of all commercial fishers who contributed in any manner to the catching or landing of the fish bought, obtained or paid for by or through that person;

(d) provide that methods of calculating and levying assessments additional to or different from the methods otherwise provided under Part 1 may be used for levying assessments for the purposes of this Part on commercial buyers and other commercial recipients of fish, and on a person engaged in the Province in transmitting payments to commercial fishers for fish whether landed in the Province or elsewhere;

(e) create obligations, different from the terms of this Act, on commercial buyers and commercial recipients of fish, and masters of fishing vessels, to report to the Board injuries and occupational diseases sustained by commercial fishers, and to provide transportation for initial medical treatment;

(f) exclude a portion of the fishing industry or a category of workers or employers in that industry to whom a provision of this Part would otherwise apply from the application of that provision, and to substitute provisions contained in regulations made under this section; and

(g) delegate to the Board to the extent the regulations provide any power conferred by this section.

(2) Where it appears to the Board that a provision of this Act or of a regulation made under another section of this Act is inappropriate or unworkable in relation to commercial fishers, the fishing industry or commercial buyers, or other commercial recipients of the fish, the
Board may, by regulation, make the rules and give the decisions it considers fair and appropriate having regard to the intent that all commercial fishers must as far as possible receive the benefit of and be subject to Part 1.

(3) Where the death of a commercial fisher resident in British Columbia arises out of and in the course of his or her occupation in the Province or waters off the Province after January 1, 1975, and the death is not otherwise compensable under this Part, the Board may treat the death in the same manner as if the commercial fisher were a worker employed by the Crown in right of the Province.

Part 1: Division 2 Compensation

Compensation for personal injury

5. (1) Where, in an industry within the scope of this Part, personal injury or death arising out of and in the course of the employment is caused to a worker, compensation as provided by this Part must be paid by the Board out of the accident fund.

(2) Where an injury disables a worker from earning full wages at the work at which the worker was employed, compensation is payable under this Part from the first working day following the day of the injury; but a health care benefit only is payable under this Part in respect of the day of the injury.

(3) Where the injury is attributable solely to the serious and wilful misconduct of the worker, compensation is not payable unless the injury results in death or serious or permanent disablement.

(4) In cases where the injury is caused by accident, where the accident arose out of the employment, unless the contrary is shown, it must be presumed that it occurred in the course of the employment; and where the accident occurred in the course of the employment, unless the contrary is shown, it must be presumed that it arose out of the employment.

(5) Where the personal injury or disease is superimposed on an already existing disability, compensation must be allowed only for the proportion of the disability following the personal injury or disease that may reasonably be attributed to the personal injury or disease. The measure of the disability attributable to the personal injury or disease must, unless it is otherwise shown, be the amount of the difference between the worker’s disability before and disability after the occurrence of the personal injury or disease.

Mental disorder

5.1 (1) Subject to subsection (2), a worker is entitled to compensation for a mental disorder that does not result from an injury for which the worker is otherwise entitled to compensation, only if the mental disorder

(a) either

(i) is a reaction to one or more traumatic events arising out of and in the course of the worker’s employment, or

(ii) is predominantly caused by a significant work-related stressor, including bullying or harassment, or a cumulative series of significant work-related stressors, arising out of and in the course of the worker’s employment,
(b) is diagnosed by a psychiatrist or psychologist as a mental or physical condition that is described in the most recent American Psychiatric Association's Diagnostic and Statistical Manual of Mental Disorders at the time of the diagnosis, and

(c) is not caused by a decision of the worker's employer relating to the worker's employment, including a decision to change the work to be performed or the working conditions, to discipline the worker or to terminate the worker's employment.

(1.1) If a worker who is or has been employed in an eligible occupation

(a) is exposed to one or more traumatic events arising out of and in the course of the worker's employment in that eligible occupation, and

(b) has a mental disorder that is recognized, in the most recent American Psychiatric Association's Diagnostic and Statistical Manual of Mental Disorders, at the time of the diagnosis of the mental disorder under subsection (1) (b) of this section, as a mental or physical condition that may arise from exposure to a traumatic event, the mental disorder must be presumed to be a reaction to the one or more traumatic events arising out of and in the course of the worker's employment in that eligible occupation, unless the contrary is proved.

(2) The Board may require that a psychiatrist or psychologist appointed by the Board review a diagnosis made for the purposes of subsection (1) (b) and may consider that review in determining whether a worker is entitled to compensation for a mental disorder.

(3) Section 56 (1) applies to a physician or psychologist who makes a diagnosis referred to in this section.

"police officer" means an officer as defined in section 1 of the Police Act;

"psychiatrist" means a physician who is recognized by the College of Physicians and Surgeons of British Columbia, or another accredited body recognized by the Board, as being a specialist in psychiatry;

"psychologist" means a person who is

(a) a registrant of the college responsible for carrying out the objects of the Health Professions Act in respect of the health profession of psychology, or

(b) entitled to practise as a psychologist under the laws of another province;

**Occupational disease**

6. (1) Where
   a worker suffers from an occupational disease and is thereby disabled from earning full wages at the work at which the worker was employed or the death of a worker is caused by an occupational disease; and
   the disease is due to the nature of any employment in which the worker was employed, whether under one or more employments,
   compensation is payable under this Part as if the disease were a personal injury arising out of and in the course of that employment. A health care benefit may be paid although the worker is not disabled from earning full wages at the work at which he or she was employed.

   (2) The date of disablement must be treated as the occurrence of the injury.

   (3) If the worker at or immediately before the date of the disablement was employed in a process or industry mentioned in the second column of Schedule B, and the disease contracted is the disease in the first column of the schedule set opposite to the description of the process, the disease is deemed to have been due to the nature of that employment unless the contrary is proved.

   (4.1) The Board may, by regulation,
   add to or delete from Schedule B a disease that, in the opinion of the Board, is an occupational disease,
   add to or delete from Schedule B a process or an industry, and
   set terms, conditions and limitations for the purposes of paragraphs (a) and (b).

   (4.2) Despite subsection (4.1), the Board may designate or recognize a disease as being a disease that is peculiar to or characteristic of a particular process, trade or occupation on the terms and conditions and with the limitations set by the Board.

   (5) Repealed. [1998-50-2]

   (6) Repealed. [1994-24-2]

   (7) “Silicosis” means a fibrotic condition of the lungs caused by the inhalation of silica dust.

   (8) A worker in the metalliferous mining industry or coal mining industry who becomes disabled from uncomplicated silicosis or from silicosis complicated with tuberculosis is entitled to compensation for total or partial disability as provided by this Part, and where death results from the disability, the dependants of the worker are entitled to compensation as provided by this Part; but neither a worker nor a dependant is entitled to compensation for the disability or death unless the worker
   has been a resident of the Province for a period of at least 3 years last preceding the disablement, or unless at least 2/3 of the worker’s exposure to dust containing silica was in the Province;
   was free from silicosis and tuberculosis before being first exposed to dust containing silica in the metalliferous mining or coal mining industry in this Province; and
has been a worker exposed to dust containing silica in the metalliferous mining or coal mining industry in the Province for a period or periods aggregating 3 years preceding his or her disablement, or for a lesser period if the worker was not exposed to dust containing silica anywhere except in this Province.

(9) If the worker has been exposed to the inhalation of dust containing silica in 2 or more classes or subclasses of industry in the Province, the Board may apportion the cost of compensation among the funds provided by those classes or subclasses on the basis of the duration and severity of the exposure in each.

(10) When a worker has sustained pulmonary injury by a disabling form of pneumoconiosis as a result of exposure to dust conditions that are deemed by the Board to have contributed to the development of the disease in employment in the Province in an industry in which that disease is an occupational disease under this Part, the worker or the worker’s dependants is or are entitled to compensation only if the worker was free from pneumoconiosis and tuberculosis before being first exposed to those dust conditions in the Province, and if the worker’s residence and exposure to the dust conditions have been of the duration required to entitle a worker to compensation for silicosis under subsection (8), and the cost of compensation may be apportioned in the manner provided by subsection (9).

(11) Where a deceased worker was, at the date of his or her death, under the age of 70 years and suffering from an occupational disease of a type that impairs the capacity of function of the lungs, and where the death was caused by some ailment or impairment of the lungs or heart of non-traumatic origin, it must be conclusively presumed that the death resulted from the occupational disease.

Firefighters’ occupational disease presumption

6.1 (1) In subsections (1.1) to (4) of this section, "firefighter" means a member of a fire brigade who is
(a) described in paragraph (c) of the definition of "worker" or employed by the government of Canada, and
(b) assigned primarily to fire suppression duties, whether or not those duties include the performance of ambulance or rescue services.

(1.1) If a worker who is or has been a firefighter contracts primary site lung cancer, the disease must be presumed to be due to the nature of the worker's employment as a firefighter, unless the contrary is proved.

(2) If a worker who is or has been a firefighter contracts a prescribed disease, the disease must be presumed to be due to the nature of the worker's employment as a firefighter, unless the contrary is proved.

(3) The presumptions in subsections (1.1) and (2) apply only to a worker who
(a) has worked as a firefighter for the minimum cumulative period prescribed for the disease, which minimum cumulative period may be defined differently, and be different, for different categories of firefighters,
(b) throughout that period, has been regularly exposed to the hazards of a fire scene, other than a forest fire scene, and
(c) is first disabled from the disease on or after the following date, as applicable:
(i) in the case of a disease that, on or before the date this subparagraph comes into force, was prescribed by regulation for the purposes of subsection (2), April 11, 2005;
(ADD) May 29/14

(6) In subsections (7) to (9) of this section:

"firefighter" means a worker who is a member of a fire brigade and is assigned primarily to fire suppression duties, whether or not those duties include the performance of ambulance or rescue services;

"heart disease" includes disease of the pericardium or coronary arteries;

"heart injury" includes heart attack, cardiac arrest or arrhythmia.

(ADD) May 29/14

(7) If a worker is disabled as a result of a heart disease and was employed as a firefighter at or immediately before the date of disablement from the heart disease, the heart disease must be presumed to be due to the nature of the worker's employment as a firefighter, unless the contrary is proved.

(ADD) May 29/14

(8) If a worker is disabled as a result of a heart injury and was employed as a firefighter at or immediately before the date of disablement from the heart injury, the heart injury must be presumed to have arisen out of and in the course of the worker's employment as a firefighter, unless the contrary is proved.

(ADD) May 29/14

(9) The presumptions in subsections (7) and (8) apply only to a worker who

(a) has been regularly exposed, throughout the worker's employment as a firefighter, to the hazards of a fire scene, and

(b) is first disabled as a result of the heart disease or heart injury, as the case may be, on or after the date this subsection comes into force.

(ADD) Emergency Intervention Disclosure Act

Mar 02/13

6.2 (1) In this section:

"applicant" means an applicant, as defined in the Emergency Intervention Disclosure Act, who has obtained a testing order under that Act respecting a source individual;

"communicable disease" means a communicable disease prescribed for the purposes of the Emergency Intervention Disclosure Act;

"source individual" has the same meaning as in the Emergency Intervention Disclosure Act.

(2)
If a worker who is an applicant has contracted a communicable disease, it must be presumed, unless there is evidence to the contrary, that the communicable disease is due to the nature of the worker's employment, if
(a) the worker came into contact with the bodily substance of the source individual in the course of the worker's employment, and
(b) test results obtained under a testing order made under the Emergency Intervention Disclosure Act indicate that the source individual is infected with a pathogen that causes the communicable disease contracted by the applicant.

Loss of hearing

7.  (1) Where a worker suffers loss of hearing of non-traumatic origin, but arising out of and in the course of employment under this Part, that is a greater loss than the minimum set out in Schedule D, the worker is entitled to compensation under this Part.

(2) Where the loss of hearing amounts to total deafness measured in the manner set out in Schedule D, but with no loss of earnings resulting from the loss of hearing, compensation must be calculated as for a disability equivalent to 15% of total disability under this Part.

(3) Where the loss of hearing does not amount to total deafness, and there is no loss of earnings resulting from the loss of hearing, compensation must be calculated as for a lesser percentage of total disability, and, unless otherwise ordered by the Board, must be based on the percentages set out in Schedule D.

(3.1) The Board may make regulations to amend Schedule D in respect of
(a) the ranges of hearing loss,
(b) the percentages of disability, and
(c) the methods or frequencies to be used to measure hearing loss.

(4) If a loss or reduction of earnings results from the loss of hearing, the worker is entitled to compensation for a total or partial disability as established under this Part.

(4.1) Compensation paid for a worker’s loss of hearing under subsection (4) must not be less than the amount determined under subsection (2) or (3).

(5) Compensation under this section is not payable in respect of a period prior to September 1, 1975; but future compensation under this section is payable in respect of loss of hearing sustained by exposure to causes of hearing loss in the Province either before or after that date, unless the exposure to causes of hearing loss terminated prior to that date.

(6) An application for compensation under this section must be accompanied or supported by a specialist’s report and audiogram or by other evidence of loss of hearing that the Board prescribes.

(7) Where a worker suffers loss of hearing caused by exposure to causes of hearing loss in 2 or more classes or subclasses of industry in the Province, the Board may apportion the cost of compensation among the funds provided by those classes or subclasses on the basis of the duration or severity of the exposure in each.

Injuries happening out of Province

8.  (1) Where the injury of a worker occurs while the worker is working elsewhere than in the Province which would entitle the worker or the worker’s dependants to compensation under this Part if it occurred in the Province, the Board must pay compensation under this Part if
(a) a place of business of the employer is situate in the Province;
(b) the residence and usual place of employment of the worker are in the Province;
(c) the employment is such that the worker is required to work both in and out of the Province; and
(d) the employment of the worker out of the Province has immediately followed the worker’s employment by the same employer within the Province and has lasted less than 6 months,
but not otherwise.
(2) Repealed. [1994-24-4]

Interjurisdictional agreements and arrangements by the Board
8.1 (1) The Board may enter into an agreement or make an arrangement with Canada, a province or the appropriate authority of Canada or a province to provide for
(a) compensation, rehabilitation and health care to workers in accordance with the standards established under this Act or corresponding legislation in other jurisdictions,
(b) administrative co-operation and assistance between jurisdictions in all matters under this Act and corresponding legislation in other jurisdictions, or
(c) avoidance of duplication of assessments on workers’ earnings.
(2) An agreement or arrangement under subsection (1) may
(a) waive or modify a residence or exposure requirement for eligibility for compensation, rehabilitation or health care, or
(b) provide for payment to the appropriate authority of Canada or a province for compensation, rehabilitation costs, or health care costs paid by it.

Election
9. (1) Where by the law of the country or place in which the injury or occupational disease occurs the worker or the worker’s dependants are entitled to compensation in respect of it, they must elect whether they will claim compensation under the law of that country or place or under this Part, and to give notice of the election. If the election is not made and notice given, it must be presumed that they have elected not to claim compensation under this Part; but if there is in existence an agreement entered into, or arrangement made, under section 8.1, any right of election is subject to the terms of that agreement or arrangement.
(2) Notice of the election must be given to the Board within 3 months after the occurrence of the injury or disablement from occupational disease, or, if it results in death, within 3 months after the death, or within any longer period that either before or after the expiration of the 3 months the Board allows.

Limitation of actions, election and subrogation
10. (1) The provisions of this Part are in lieu of any right and rights of action, statutory or otherwise, founded on a breach of duty of care or any other cause of action, whether that duty or cause of action is imposed by or arises by reason of law or contract, express or implied, to which a worker, dependant or member of the family of the worker is or may be entitled against the employer of the worker, or against any employer within the scope of
this Part, or against any worker, in respect of any personal injury, disablement or death arising out of and in the course of employment and no action in respect of it lies. This provision applies only when the action or conduct of the employer, the employer’s servant or agent, or the worker, which caused the breach of duty arose out of and in the course of employment within the scope of this Part.

(2) Where the cause of the injury, disablement or death of a worker is such that an action lies against some person, other than an employer or worker within the scope of this Part, the worker or dependant may claim compensation or may bring an action. If the worker or dependant elects to claim compensation, he or she must do so within 3 months of the occurrence of the injury or any longer period that the Board allows.

(3) Where the Board is satisfied that due to the worker’s physical or mental disability a worker is unable to exercise his or her right of election, and undue hardship will result, it may pay the compensation provided by this Part until the worker is able to make an election. If the worker then elects not to claim compensation, no further compensation may be paid, but the compensation so paid is a first charge against any sum recovered.

(4) An application filed by a parent, guardian or the Official Guardian for compensation for the infant child of a deceased worker is a valid election on behalf of that child.

(5) If after trial, or after settlement out of court with the written approval of the Board, less is recovered and collected than the amount of the compensation to which the worker or dependant would be entitled under this Part, the worker or dependant is entitled to compensation under this Part to the extent of the amount of the difference.

(6) If the worker or dependant applies to the Board claiming compensation under this Part, neither the making of the application nor the payment of compensation under it restricts or impairs any right of action against the party liable, but as to every such claim the Board is subrogated to the rights of the worker or dependant and may maintain an action in the name of the worker or dependant or in the name of the Board; and if more is recovered and collected than the amount of the compensation to which the worker or dependant would be entitled under this Part, the amount of the excess, less costs and administration charges, must be paid to the worker or dependant. The Board has exclusive jurisdiction to determine whether to maintain an action or compromise the right of action, and its decision is final and conclusive.

(7) If, in an action brought by a worker or dependant of a worker or by the Board, it is found that the injury, disablement or death, as the case may be, was due partly to a breach of duty of care of one or more employers or workers under this Part, no damages, contributions or indemnity are recoverable for the portion of the loss or damage caused by the negligence of that employer or worker; but the portion of the loss or damage caused by that negligence must be determined although the employer or worker is not a party to the action.

(8) The provisions of this Part are in lieu of any right of action that the employer of the injured or deceased worker is or may, in respect of the personal injury or death of the worker, be entitled to maintain against another employer within the scope of this Part, or an independent operator to whom this Part applies by direction under section 2 (2) (a); but where the Board considers that

(a) a substantial amount of compensation has been awarded as a result of the injury or death of the worker; and

(b) the injury or death was caused or substantially contributed to by a serious breach of duty of care of an employer or an independent operator to whom this Part applies by direction under section 2 (2) (a) in another class or subclass,

the Board may order that the compensation be charged, in whole or in part, to the other class or subclass; but the provisions of this subsection do not affect any right which an employer may have against another employer, or an independent operator to whom this Part applies by direction under section 2 (2) (a), arising out of their indemnity agreement or
contract.

(9) For the purpose of this section, “worker” includes an employer admitted under section 2 (2).

(10) In an action brought under this section, an award for damages is to include

(a) health care provided under this Part; and

(b) wages and salary paid by an employer during the period of disability for which
regard has been had by the Board, or would have been had if the worker had elected
to claim compensation, in fixing the amount of a periodical payment of
compensation.

(11) Costs may, notwithstanding that a salaried employee of the Board acts as its solicitor or
counsel, be awarded to and collected by the Board in an action taken by the Board under
this section.

Worker who is minor is sui juris

12. A worker under the age of 19 years is sui juris for the purpose of this Part, and no other
person has a cause of action or right to compensation for the personal injury or disablement
except as expressly provided in this Part.

RS1979-437-12.

Compensation cannot be waived

13. (1) A worker may not agree with his or her employer to waive or to forego any benefit to
which the worker or the worker’s dependants are or may become entitled under this
Part, and every agreement to that end is void.

No contribution from workers

14. (1) It is not lawful for an employer, either directly or indirectly, to deduct from the wages of
the employer’s worker any part of a sum which the employer is or may become liable to
pay into the accident fund or otherwise under this Part, or to require or to permit the worker
to contribute in any manner toward indemnifying the employer against a liability which the
employer has incurred or may incur under this Part.

(2) Every person who contravenes subsection (1) commits an offence against this Part and is
liable to repay to the worker any sum which has been so deducted from his or her wages or
which he or she has been required or permitted to pay in contravention of subsection (1).

Compensation not assignable
or liable to attachment

15. A sum payable as compensation or by way of commutation of a periodic payment in
respect of it is not capable of being assigned, charged or attached, nor must it pass by
operation of law except to a personal representative, and a claim must not be set off against
it, except for money advanced by way of financial or other social welfare assistance owing to the Province or to a municipality, or for money owing to the accident fund.

Vocational rehabilitation

16. (1) To aid in getting injured workers back to work or to assist in lessening or removing a resulting handicap, the Board may take the measures and make the expenditures from the accident fund that it considers necessary or expedient, regardless of the date on which the worker first became entitled to compensation.

(2) Where compensation is payable under this Part as the result of the death of a worker, the Board may make provisions and expenditures for the training or retraining of a surviving dependent spouse, regardless of the date of death.

(3) The Board may, where it considers it advisable, provide counselling and placement services to dependants.

Part 1: Division 3  Scale of Compensation

Compensation in fatal cases

17. (1) In this section:

"child" means

(a) a child under the age of 19 years, including a child of the deceased worker yet unborn;

(b) an invalid child of any age; and

(c) a child under the age of 25 years who is regularly attending an academic, technical or vocational place of education,

and “children” has a similar meaning;

"federal benefits" means the benefits paid for a dependant under the Canada Pension Plan as a result of a worker's death, other than the death benefit payable to the estate of a worker under section 57 of that Act.

(2) Where compensation is payable as the result of the death of a worker or as the result of injury resulting in the death,

(a) in addition to any other compensation payable under this section, an amount in respect of funeral and related expenses, as determined in accordance with the policies of the board of directors, must be paid out of the accident fund,

(b) the employer of the worker must bear the cost of transporting the body to the nearest business premises where funeral services are provided, and

(c) if burial does not take place there, the costs of any additional transportation, up to a maximum determined in accordance with the policies of the board of directors, may be paid out of the accident fund.

(2.1) No action for an amount larger than that established by subsection (2) lies in respect of the funeral, burial or cremation of the worker or cemetery charges in connection with it.

(3) Where compensation is payable as the result of the death of a worker or of injury resulting in such death, compensation must be paid to the dependants of the deceased worker as follows:

(a)
where the dependants are a surviving spouse and 2 or more children, a monthly payment of a sum that, when combined with 50% of the federal benefits payable to or for those dependants, would equal the total of

(i) the monthly rate of compensation under this Part that would have been payable if the deceased worker had, at the date of death, sustained a permanent total disability, subject to the minimum set out in paragraph (g); and

(ii) $355.72 per month for each child beyond 2 in number;

(b) where the dependants are a surviving spouse and one child, a monthly payment of a sum that, when combined with 50% of the federal benefits payable to or for those dependants, would equal 85% of the monthly rate of compensation under this Part that would have been payable if the deceased worker had, at the date of death, sustained a permanent total disability, subject to the minimum set out in paragraph (g);

(c) where the dependant is a surviving spouse who, at the date of death of the worker, is 50 years of age or over, or is an invalid spouse, a monthly payment of a sum that, when combined with 50% of the federal benefits payable to or for that dependant, would equal 60% of the monthly rate of compensation under this Part that would have been payable if the deceased worker had, at the date of death, sustained a permanent total disability, but the monthly payments must not be less than $1,149.55;

(d) where the dependant, at the date of death of the worker, is a surviving spouse who is not an invalid and is under the age of 50 years, and there are no dependent children, a monthly payment of a sum that, when combined with 50% of the federal benefits payable to or for that dependant, would equal the product of

(i) the percentage determined by subtracting 1% from 60% for each year that the age of that dependant, at the date of death of the worker, is under the age of 50 years, and

(ii) the monthly rate of compensation under this Part that would have been payable if the deceased worker had, at the date of death, sustained a permanent total disability, but the percentage determined under subparagraph (i) must not be less than 30% and the monthly payments must not be less than $1,149.55;

(e) Repealed. [2003-65-17 (B.C. Reg. 417/2003)]

(f) where there is no surviving spouse eligible for monthly payments under this section, and

(i) the dependant is a child, a monthly payment of a sum that, when combined with 50% of the federal benefits to or for that child, would equal 40% of the monthly rate of compensation under this Part that would have been payable if the deceased worker had, at the date of death, sustained a permanent total disability;

(ii) the dependants are 2 children, a monthly payment of a sum that, when combined with 50% of the federal benefits payable to or for those children, would equal 50% of the monthly rate of compensation under this Part that would have been payable if the deceased worker had, at the date of death, sustained a permanent total disability; or

(iii) the dependants are 3 or more children, a monthly payment of a sum that, when combined with 50% of the federal benefits payable to or for those
children, would equal the total of
(A) 60% of the monthly rate of compensation under this Part that would
have been payable if the deceased worker had, at the date of death,
sustained a permanent total disability; and
(B) $355.72 per month for each child beyond 3 in number,

subject, in all cases, to the minimum set out in paragraph (g);

(g) the minimum allowances payable under paragraphs (a), (b) and (f) must be the
allowances that would be payable if the allowances were calculated under those
paragraphs in respect of a deceased worker with average earnings of $38 324.16
per annum;

(h) where there is

(i) no dependent spouse or child entitled to compensation under this section,
but a worker leaves other dependants, a sum reasonable and proportionate
to the pecuniary loss suffered by those dependants by reason of the death,
to be determined by the Board, but not exceeding in the whole $629.60 per
month for life or a lesser period as determined by the Board; or

(ii) a dependent spouse, or a dependent child or children, entitled to
compensation under this section, but not a spouse and child or children,
and, in addition, the worker leaves a dependent parent or parents, then, in
addition to the compensation payable to the spouse or children, a sum,
reasonable and proportionate to the pecuniary loss suffered by the
dependent parent or parents by the death, to be determined by the Board,
but not exceeding $629.60 per month for life or a lesser period as
determined by the Board;

(i) where

(i) no compensation is payable under the foregoing provisions of this
subsection; or
(ii) the compensation is payable only to a spouse, a child or children or a
parent or parents,
but the worker leaves a spouse, child or parent who, though not dependent on the
worker's earnings at the time of the worker's death, had a reasonable expectation
of pecuniary benefit from the continuation of the life of the worker, payments, at
the discretion of the Board, to that spouse, child or children, parent or parents,
but not to more than one of those categories, not exceeding $629.60 per month
for life or a lesser period determined by the Board; and

(j) where the worker leaves no dependent surviving spouse, or the surviving spouse
subsequently dies, and the Board considers it desirable to continue the existing
household, and when a suitable person acts as a foster parent in keeping up the
household and taking care of and maintaining the children entitled to
compensation, in a manner satisfactory to the Board, the same allowance is
payable to the foster parent and children as would have been payable to a
surviving spouse and children, and must continue as long as those conditions
continue.

(4) Where an invalid spouse ceases to be an invalid, or a surviving spouse with dependent
children no longer has dependent children or there is a reduction in the number of
dependent children, the surviving spouse or children is then entitled to the same
category of benefits as would have been payable if the death of the worker had occurred
on the date the invalid spouse ceases to be an invalid or the surviving spouse no longer has dependent children, or the number of dependent children is reduced, as the case may be.

(5) Where there is a surviving spouse and a child or children, and the surviving spouse subsequently dies, the allowances to the children must, if they are in other respects eligible, continue and be calculated in the same manner as if the worker had died leaving no dependent spouse.

(6) Where at the date of death a spouse is not an invalid, but is suffering from a disability that results in a substantial impairment of earning capacity, the Board may, having regard to the degree of disability or the extent of impairment of earning capacity, pay the spouse a proportion of the compensation that would have been payable if the spouse had been an invalid.

(7) Where 2 workers are spouses and both are contributing to the support of a common household, each is deemed to be a dependant of the other.

(8) Where parents contribute to the support of a common household at which their children also reside, the children are deemed to be dependants of the parent whose death is compensable under this Part.

(9) Where compensation is payable as the result of the death of a worker, or of injury resulting in death, and where at the date of death the worker and dependent spouse were living separate and apart, and

(a) there was in force at the date of death a court order or separation agreement providing periodic payments for support of the dependent spouse, or children living with that spouse, no compensation under subsection (3) is payable to the spouse or children living with the spouse; but monthly payments must be made in respect of that spouse and those children equal to the periodic payments due under the order or agreement; or

(b) there was no court order or separation agreement in force at the date of death providing periodic payments for support of the dependent spouse, or children living with that spouse, and

(i) the worker and dependent spouse were living separate and apart for a period of less than 3 months preceding the date of death of the worker, compensation is payable as provided in subsection (3); or

(ii) the worker and dependent spouse were separated with the intention of living separate and apart for a period of 3 months or longer preceding the death of the worker, monthly payments must be made up to the level of support which the Board believes the spouse and those children would have been likely to receive from the worker if the death had not occurred.

(10) Compensation payable under subsection (9) must never exceed the compensation that would have been payable under subsection (3) if there had been no separation.

(11) Compensation under this section is payable to a surviving spouse described in paragraph (b) of the definition of "spouse" only if a worker was living with and contributing to the support and maintenance of the spouse immediately preceding the worker's death.

(12) If

(a) a worker has left both

(i) a dependent surviving spouse described in paragraph (a) of the definition of "spouse" from whom, at the date of death, the worker was living separate and apart, and

(ii) a surviving spouse described in paragraph (b) of the definition of "spouse",
with whom the worker was living, and to whose support and maintenance
the worker was contributing, immediately preceding the worker's death,
and
(b) there is a difference in
   (i) the amount of compensation payable to the spouse referred to in paragraph
       (a) (i) of this subsection by reason of the separation, and
   (ii) the amount of compensation that would have been payable to that person if
        that person and the worker had not been living separate and apart,
the Board may pay compensation, up to the amount of the difference, to the
spouse referred to in paragraph (a) (ii) of this subsection.

(13) In addition to any other compensation provided, a dependent surviving spouse,
common law spouse or foster parent in Canada to whom compensation is payable is
entitled to a lump sum of $2 737.52.

(14) Where in any situation there is a need to apportion allowances payable to dependants
among those dependants, the formula for apportionment must be at the discretion of the
Board; but, unless the Board has grounds for a different apportionment, the
apportionment must be:
   (a) where there is a dependent spouse and one child, 2/3 to the dependent spouse and
       1/3 to the child;
   (b) where there is a dependent spouse and more than one child, 1/2 to the dependent
       spouse and 1/2 among the children in equal shares; and
   (c) where there are children but no dependent spouse, among the children in equal
       shares.

(15) Where personal injury to, disablement of or death of a worker occurs in the course of
the worker’s employment as a direct result of enemy warlike action or counteraction
taken against it and provision has been made for compensation in respect of it for the
worker or the worker’s dependants by the government of Canada, the worker or the
dependants are entitled to compensation under this Part only when the compensation
provided by the government of Canada is less than that provided by this Act, and then
only to the extent of the difference.

(16) If a dependant is entitled to receive compensation
   (a) as a result of the death of a worker, and
   (b) as a result of the subsequent death of another worker,
the total compensation payable for the dependant as a result of those deaths is an
amount that the Board considers appropriate.

(16.1) The compensation payable for a dependant under subsection (16) must not
   (a) be less than the highest of the amounts that would otherwise be payable in
       respect of the death of any of the workers, and
   (b) be more than 90% of the average net earnings of a worker whose wage rate is the
       maximum wage rate established under section 33 (6) and (7) for the year in
       which the last death referred to in subsection (16) (b) occurred.

(16.2) For the purposes of subsection (16.1), "average net earnings" means the average net
earnings calculated in accordance with section 33.8.

(17) Where a situation arises that is not expressly covered by this section, or where some
special additional facts are present that would, in the Board’s opinion, make the strict
application of this section inappropriate, the Board must make rules and give decisions
it considers fair, using this section as a guideline.

Addition to payments

18. (1) Where, on July 1, 1974,

(a) compensation is being paid to dependants in respect of deaths occurring prior to that date;
(b) those dependants are not receiving or entitled to receive benefits under the Canada Pension Plan; and
(c) the dependant is a widow who is 50 years of age or over, or is an invalid spouse, or the dependants are children, or a widow and children,

there must be added to the monthly payments the sum of $476.32 for each such dependent spouse and $147.85 for each dependent child.

(2) Where dependants would qualify for the increases in subsection (1) but for the fact that they are receiving or entitled to receive benefits under the Canada Pension Plan, and where the amount of benefits under the Canada Pension Plan is less than the amounts set out in subsection (1), the monthly payments payable to those dependants under this Part must be increased by the amount by which the benefits under the Canada Pension Plan are less.

Surviving spouse of a deceased worker

19. (1) In this subsection and subsections (2) and (2.1):

"former subsection" means the section 19 (1) that came into force on April 17, 1985 or the section 19 (4) repealed in 1994;
"interest" means interest calculated at a rate and in a manner set by the Board for the purposes of this section;
"monthly payments" mean monthly payments under this Act to a widow, widower, former common law wife or former common law husband of a deceased worker;
"person" does not include a widow or former common law wife of a deceased worker if the widow or former common law wife remarried or entered into a new common law relationship before April 17, 1985.

(2) A person whose monthly payments were discontinued by application of a former subsection is entitled to

(a) monthly payments beginning on the later of
(i) the expiry of the 2 year period for which payment was made under the former subsection, or
(ii) the repeal of the former subsection,

(b) the amount, if any, by which, during the period from April 17, 1985 to the beginning of monthly payments under paragraph (a), the total amount of compensation described by section 17 that the person would have received if the former subsection had not been in force exceeds the sum paid to the person under the former subsection, and

(c) interest on any amount payable under paragraph (b).

(2.1) In calculating monthly payments for the purposes of subsection (2), adjustments are deemed to have been made under section 25, as it read immediately before being amended by the Workers Compensation Amendment Act, 2002, for the months the former subsection was in force.

(3) Repealed. [1985-68-122]

(4) Repealed. [1994-24-7]
Period for making payments under sections 17 to 19

19.1 The Board must make periodic payments under section 17, 18 or 19 for the life of the person to whom the payment is to be made, unless a shorter period applies under section 17, 18 or 19, as the case may be.

Proof of existence of dependants

20. The Board may from time to time require the proof of the existence and condition of dependants in receipt of compensation payments that is deemed necessary by the Board, and pending the receipt of that proof may withhold further payments.

Health care

21. (1) In addition to the other compensation provided by this Part, the Board may furnish or provide for the injured worker any medical, surgical, hospital, nursing and other care or treatment, transportation, medicines, crutches and apparatus, including artificial members, that it may consider reasonably necessary at the time of the injury, and thereafter during the disability to cure and relieve from the effects of the injury or alleviate those effects, and the Board may adopt rules and regulations with respect to furnishing health care to injured workers entitled to it and for the payment of it. The Board may make a daily allowance to an injured worker for the worker’s subsistence when, under its direction, the worker is undergoing treatment at a place other than the place where he or she resides, and the power of the Board to make a daily allowance for subsistence under this section extends to an injured worker who receives compensation, regardless of the date the worker first became entitled to compensation.

(2) Where in a case of emergency, or for other justifiable cause, a physician or qualified practitioner other than the one provided by the Board is called in to treat the injured worker, and if the Board finds there was a justifiable cause and that the charge for the services is reasonable, the cost of the services must be paid by the Board.

(3) The Board may in its discretion authorize employers to furnish or provide health care at the expense of the Board and on terms fixed by it. Every employer must, at the employer’s own expense, furnish to a worker injured in the employer’s employment, when necessary, immediate conveyance and transportation to a hospital, physician or qualified practitioner for initial treatment.

(4) Where a worker received, before April 1, 1972, health care under (a) the Canada Shipping Act; or

(b) a health care plan approved by the Board, the worker is entitled to receive, in accordance with this section, additional health care.

(5) Where additional health care is provided by the Board under subsection (4), its cost may be charged in the manner the Board considers proper.

(6) Health care furnished or provided under any of the preceding subsections of this section must at all times be subject to the direction, supervision and control of the Board; and the Board may contract with physicians, nurses or other persons authorized to treat human ailments, hospitals and other institutions for any health care required, and to agree on a scale of fees or remuneration for that health care; and all questions as to the necessity, character and sufficiency of health care to be furnished must be determined by the Board. The fees or remuneration for health care furnished under this
Act must not be more than would be properly and reasonably charged the worker if the worker were paying, and the amount must be fixed and determined by the Board, and no action for an amount larger than that fixed by the Board lies in respect of health care.

(7) Without limiting the power of the Board under this section to supervise and provide for the furnishing of health care in every case where it considers the exercise of that power is expedient, the Board must permit health care to be administered, so far as the selection of a physician or qualified practitioner is concerned, by the physician or qualified practitioner who may be selected or employed by the injured worker.

(8) The Board may assume the responsibility of replacement and repair of

(a) artificial appliances, including artificial members damaged or broken as the result of an accident arising out of and in the course of the employment of the worker; and

(b) eyeglasses, dentures and hearing aids broken as a result of an accident arising out of and in the course of employment if that breakage is accompanied by objective signs of personal injury, or, where there is no personal injury, if the accident is otherwise corroborated and the Board is satisfied the worker was not at fault.

(9) Where an injury to a worker results in serious impairment of the worker’s sight, the Board may, to protect the worker’s remaining vision, provide the worker with protective eyeglasses.

Permanent total disability

22. (1) Subject to sections 34 and 35, if a permanent total disability results from a worker’s injury, the Board must pay the worker compensation that is a periodic payment that equals 90% of the worker’s average net earnings.

(2) The compensation awarded under this section must not be less than $1,759.04 per month.

Permanent partial disability or disfigurement

23. (1) Subject to subsections (3) to (3.2) and sections 34 and 35, if a permanent partial disability results from a worker’s injury, the Board must

(a) estimate the impairment of earning capacity from the nature and degree of the injury, and

(b) pay the worker compensation that is a periodic payment that equals 90% of the Board’s estimate of the loss of average net earnings resulting from the impairment.

(2) The Board may compile a rating schedule of percentages of impairment of earning capacity for specified injuries or mutilations which may be used as a guide in determining the compensation payable in permanent disability cases.

(3) Subject to sections 34 and 35, if

(a) a permanent partial disability results from a worker’s injury, and

(b) the Board makes a determination under subsection (3.1) with respect to the worker,

the Board may pay the worker compensation that is a periodic payment that equals 90% of the difference between

(c) the average net earnings of the worker before the injury, and

(d)
whichever of the following amounts the Board considers better represents the worker’s loss of earnings:

(i) the average net earnings that the worker is earning after the injury;

(ii) the average net earnings that the Board estimates the worker is capable of earning in a suitable occupation after the injury.

(3.1) A payment may be made under subsection (3) only if the Board determines that the combined effect of the worker’s occupation at the time of the injury and the worker’s disability resulting from the injury is so exceptional that an amount determined under subsection (1) does not appropriately compensate the worker for the injury.

(3.2) In making a determination under subsection (3.1), the Board must consider the ability of the worker to continue in the worker’s occupation at the time of the injury or to adapt to another suitable occupation.

(4) Where permanent partial disability results from the injury, the minimum compensation awarded under this section must be calculated in the same manner as provided by section 29 (2) for temporary total disability but to the extent only of the partial disability.

(5) Where the worker has suffered a serious and permanent disfigurement which the Board considers is capable of impairing the worker’s earning capacity, a lump sum in compensation may be paid, although the amount the worker was earning before the injury has not been diminished.

RS1979-437-23; 2002-56-9, 43.

Period of payment for total or partial disability

Compensation payable under section 22 (1), 23 (1) or (3), 29 (1) or 30 (1) may be paid to a worker, only

(a) if the worker is less than 63 years of age on the date of the injury, until the later of the following:
   (i) the date the worker reaches 65 years of age;
   (ii) if the Board is satisfied the worker would retire after reaching 65 years of age, the date the worker would retire, as determined by the Board, and

(b) if the worker is 63 years of age or older on the date of the injury, until the later of the following:
   (i) 2 years after the date of the injury;
   (ii) if the Board is satisfied that the worker would retire after the date referred to in subparagraph (i), the date the worker would retire, as determined by the Board.

2002-56-10.

Retirement benefits

This section applies to a worker who is receiving periodic payments under section 22 (1) or 23 (1) or (3).

(2) The Board must set aside, at the time a periodic payment is made to a worker, an amount that
   (a) is equal to 5% of the periodic payment, and
   (b) is in addition to the periodic payment.

(3) A worker may apply to the Board to contribute to the amount set aside or to be set aside under subsection (2) an amount that is not less than 1% and not greater than 5% of each subsequent periodic payment made to the worker.

(4) Subject to subsection (5), if the worker makes an application under subsection (3), the Board must, as soon as practicable, deduct the amount of the worker’s contribution
from each subsequent periodic payment made to the worker and add this contribution to the amount set aside under subsection (2).

(5) The deductions made by the Board under subsection (4) may not be varied, except in response to an application by the worker to stop the deductions.

(6) A worker may only once
(a) make an application under subsection (3), and
(b) apply to stop the deductions.

(7) An application made under subsection (3) or (5) must be made in a form acceptable to the Board.

(8) The Board must provide each worker annually with a statement containing all relevant information about the funds accumulated by the Board for payment of the worker’s retirement benefit.

Payment of retirement benefits

(ADD) 23.3 (1) Subject to subsection (3), on the date determined under subsection (2), a worker is entitled to receive a lump sum that equals the total of
(a) the amounts set aside for payment to the worker under section 23.2 (2),
(b) the contributions, if any, made by the worker under section 23.2 (4), and
(c) the accumulated investment income earned on those amounts and contributions.

(2) A worker’s entitlement under subsection (1) is effective
(a) subject to paragraph (b), on the date the worker reaches 65 years of age, or
(b) on the date of the last periodic payment to the worker, if that date is after the date the worker reaches 65 years of age.

(3) Despite section 35 (4), if a worker dies before receiving his or her retirement benefit under subsection (1), the Board must pay the lump sum to which the worker is entitled under that subsection to
(a) a beneficiary designated by the worker, or
(b) the worker’s estate, if a beneficiary is not designated.

Handling of money to be paid as retirement benefit

(ADD) 23.4 (1) The Board must establish a reserve in the accident fund into which the amounts and contributions referred to in section 23.2 (2) and (4) must be deposited.

(2) The funds deposited in the reserve must be held and invested in the name of the reserve and those investments must clearly indicate that they are held in that reserve for payment of retirement benefits under section 23.3.

(3) If approved by the board of directors and on terms set by the Board, the Board may authorize a financial institution, as defined in the Financial Institutions Act, or a bank to administer the reserve referred to in subsection (1), and a financial institution or bank that is so authorized must comply with the relevant provisions of this Part as if it were the Board.

Retirement services and supports

(ADD) 23.5 (1) If a worker has a permanent total disability, the Board must assess, within the 3 month period before the retirement benefit is payable to the worker, the need or continued need of the worker for services and personal supports under sections 16 and 21.

(2) After the assessment under subsection (1) is completed, the Board must take all actions necessary to provide to the worker, for his or her life, the services and personal supports
under sections 16 and 21 that the Board considers are necessary.

(3) This section does not limit the power of the Board to otherwise provide services and personal supports to workers at any time under sections 16 and 21.

2002-56-10.

### Reconsidering benefits

24. (1) Despite section 96 (1), this section applies to the claims for compensation that the Board may by regulation determine, provided that

(a) the worker is still suffering from a compensable disability sustained more than 10 years before the application under subsection (2); and

(b) a permanent disability award was made by the Board based on a percentage of total disability of 12% or greater, or the case is of a kind in which the Board uses a projected loss of earnings method in calculating compensation.

(2) With respect to a claim for compensation to which this section applies, the Board must, on application by the worker, reconsider the compensation benefits; and, if it decides that, in its opinion, the worker is not receiving adequate compensation having regard to the projected loss of income resulting from the disability, periodic payments must be established or raised accordingly.

(3) Where a worker is under the age of 65 years, compensation is considered adequate for the purposes of this section if it equals 75% of the projected loss of earnings resulting from the disability.

(4) Where a worker is 65 years of age or over, compensation is considered adequate for the purposes of this section if it equals 75% of the projected loss of retirement income resulting from the disability.

(5) Where a worker is under the age of 65 years, periodic payments established or raised under this section are subject to readjustment by reference to subsection (4) on attaining the age of 65 years.

(6) The calculation of benefits under this section must be made in the manner the Board determines.

(7) Notwithstanding that a worker suffering a permanent disability has received an award that has been wholly or partly commuted, or an award for a fixed term, the worker may apply under this section, but the worker is deemed to be still receiving the periodic payments that have been commuted, or the life equivalent of the periodic payments made for a fixed term.

(8) Section 31 applies to the calculation of compensation under this section; but the calculation must not be limited by reference to average earnings at the time of injury.

(9) The periodic payments awarded to a worker following a reconsideration under this section must not exceed the maximum the Board would award to a worker in an occupational category similar to the occupation of the applicant worker before the injury if he or she had, at the effective date of the reconsideration under this section, suffered a compensable disability similar to the compensable disability being suffered by the applicant worker.

(10) A worker may reapply under this section for reconsideration of his or her compensation benefits after a further 10 years have elapsed since the last previous application under this section.

(11) Where a worker whose disability occurred before January 1, 1965 applies under this section within one year of the earliest date on which the worker becomes eligible to do so, an increase or establishment of benefits under this section is effective from September 1, 1975, and in all other cases the effective date for the commencement of an increase or establishment of benefits under this section is the date the application is received at the Board.
(12) A decision under this section must not result in periodic payments to a worker being lower than they would be if no application had ever been made under this section.

General indexing factor

25. (1) For the purposes of this section, the Board must, as of January 1 of each year,

(a) determine the percentage change in the consumer price index for Canada, for all items, for the 12 month period ending on October 31 of the previous year, as published by Statistics Canada,

(b) subtract 1% from the percentage change determined under paragraph (a).

(2) The percentage resulting from calculations made under subsection (1) must not be greater than 4% or less than 0%.

(3) On January 1 of each year, the Board must adjust, in accordance with subsection (4), the periodic payments of compensation made in respect of an injury or a death occurring more than 12 months before the date of the adjustment.

(4) For the purposes of subsection (3), the Board must adjust the periodic payments of compensation to be paid in that calendar year for the injury or death by the percentage determined under subsection (1).

(5) If the Board starts or restarts periodic payments of compensation for an injury or a death that occurred more than 12 months before the payments are started or restarted, the Board must, under this section, adjust all periodic payments as if the payments were made continuously from the date of injury or death.

25.1 Repealed. [2003-65-19]

Variation of dollar amounts

25.2 (1) Subject to subsection (3), the Board must adjust every dollar amount referred to in this Act on January 1 of each year by applying the percentage change in the consumer price index for Canada, for all items, for the 12 month period ending on October 31 of the previous year, as published by Statistics Canada.

(2) On the Board making an adjustment of a dollar amount under subsection (1), the dollar amount referred to in this Act is deemed to be amended.

(3) Subsection (1) does not apply to a dollar amount referred to in section 33 (4), (6), (8) and (10).

26. (1) Where periodical payments for permanent disability were awarded by the Board prior to January 1, 1966, and where

(a) the award was for a percentage of total disability of 12% or greater, and the whole of the periodical payments was commuted prior to that date;
(b) a portion of the periodical payments equivalent to 12% of total disability or greater was commuted prior to that date; or
(c) the award was for a percentage of total disability of 12% or greater and was of periodical payments for a fixed term,
and where the worker to whom the award had been made is still suffering from the disability, the Board may, on the application of the worker, establish new periodical payments, which are to commence for the month in which the application is received at the Board.

(2) Where the award was for a fixed term that has not expired or been commuted, this section applies on expiry of the term.

(3) In order to calculate the rate of new periodic payments to be established under this section, the Board must determine
(a) the monthly payments that would have been payable on January 1, 1966 if the award had been of periodic payments for life and there had been no commutation, or, where the commutation was partial, the additional rate of monthly payments that would have been payable on that date if there had been no commutation; and
(b) the additional amount of monthly payments that would have been payable for the month during which the application is received by way of increases on the amounts calculated under paragraph (a) if those amounts had continued to be due; namely, the total of all increases that would have been made from January 1, 1966 to and including the last day of the month preceding the date the application is received.

(4) The rate of the new periodical payments to be established under this section must be the amount calculated under subsection (3) (b); but future adjustments under section 25 must be based on the sum of the amounts calculated under subsection (3) (a) and (b).

(5) This section does not apply where the purpose of the section has been achieved as a result of an application under section 24 or in some other way.

27. Where dependants are receiving or are eligible to receive periodic payments in respect of the death of a worker occurring prior to July 1, 1974, and in respect of which payments there was no provision prior to that date for increases according to the consumer price index, those periodical payments must be adjusted as of August 1, 1975, so that after that date the periodical payments will be at the same rate as if the provisions of the Act relating to increases according to the consumer price index between January 1, 1966 and July 1, 1974 had been applicable.

Publish in Gazette

28. There must be published in the Gazette amendments to the Act resulting from changes in the consumer price index.

Temporary total disability

29. (1) Subject to sections 34 (1) and 35 (1), (4) and (5), if a temporary total disability results from a worker’s injury, the Board must pay the worker compensation that is a periodic payment that equals 90% of the worker’s average net earnings.

(2) The compensation awarded under this section must not be less than an amount equal to $405.87 per week, unless the worker's average earnings are less than that sum per week,
Temporary partial disability

30. (1) Subject to sections 34 (1) and 35 (1), (4) and (5), if a temporary partial disability results from a worker’s injury, the Board must pay the worker compensation that is a periodic payment that equals 90% of the difference between
(a) the worker’s average net earnings before the injury, and
(b) whichever of the following amounts the Board considers better represents the worker’s loss of earnings:
(i) the average net earnings that the worker is earning after the injury;
(ii) the average net earnings that the Board estimates the worker is capable of earning in a suitable occupation after the injury.

(2) Where temporary partial disability results from the injury, the minimum compensation awarded under this section must be calculated in the same manner as prescribed by section 29 (2) for temporary total disability but to the extent only of the partial disability.

Maximum compensation

31. (1) Where a worker is receiving compensation for a permanent or temporary disability, the worker must not receive compensation for a further or other disability in an amount that would result in the worker receiving in the aggregate compensation in excess of the maximum payable for total disability.

(2) Where a worker has received a lump sum in lieu of the periodic payments that otherwise would have been payable for a permanent disability, the worker is, for the purposes of subsection (1), deemed to be still in receipt of the periodic payments.

Termination of periodic payments

31.1 Despite section 23.1, the Board may not make a periodic payment to a worker under section 22 (1), 23 (1) or (3), 29 (1) or 30 (1) if the worker ceases to have the disability for which the periodic payment is to be made.

Recurrence of disability

32. (1) For the purpose of determining the amount of compensation payable where there is a recurrence of temporary total disability or temporary partial disability after a lapse of 3 years following the occurrence of the injury, the Board may calculate the compensation as if the recurrence were the happening of the injury if it considers that by doing so the compensation payable would more nearly represent the percentage of actual loss of earnings suffered by the worker by reason of the recurrence of the injury.

(2) Where a worker has been awarded compensation for permanent partial disability for the original injury and compensation for recurrence of temporary total disability under subsection (1) is calculated by reference to the average earnings of the worker at the date of the recurrence, the compensation must be without deduction of the compensation payable for the permanent partial disability; but the total compensation payable must not exceed the maximum payable under this Part at the date of the recurrence.
(3) Where more than 3 years after an injury a permanent disability or an increased degree of permanent disability occurs, the compensation payable for the permanent disability or increased degree of permanent disability may be calculated by reference to the average earnings of the worker at the date of the occurrence of the permanent disability or increased degree of permanent disability.

Average earnings

33. (1) The Board must determine the amount of average earnings and the earning capacity of a worker with reference to the worker’s average earnings and earning capacity at the time of the worker’s injury.

(2) Subject to section 3 (5), the Board must determine the amount of average earnings of a worker in accordance with this section and sections 33.1 to 33.7.

(3) A determination of the amount of average earnings of a worker under sections 33.1 to 33.7 may not exceed the maximum wage rate as determined under subsections (6) to (10).

(3.1) The Board must not include the following in determining the amount of average earnings of a worker:

(a) the employer’s payments on behalf of the worker for
   (i) contributions payable under the Canada Pension Plan,
   (ii) premiums payable under the Employment Insurance Act (Canada), and
   (iii) contributions to a retirement, pension, health and welfare, life insurance or another benefit plan for the worker or the worker’s dependants;
(b) special expenses or allowances paid to the worker because of the nature of the worker’s employment.

(3.2) The Board may include, in determining the amount of average earnings of a worker, income from employment benefits payable to the worker under the Employment Insurance Act (Canada) during the period for which average earnings are determined, only if, in the Board’s opinion, the worker’s employment during that period was in an occupation or industry that results in recurring seasonal or recurring temporary interruptions of employment.

(4) Notwithstanding any other provision of this Act, all periodic payments awarded as compensation for permanent partial disability to workers injured prior to March 18, 1943, who, on January 1, 1955, or after that are in receipt of those periodical payments must be calculated or recalculated at a rate of 66 2/3% of average earnings of not less than $2,000 nor more than $2,500 per annum; but compensation is not payable under this subsection for a period prior to January 1, 1955.

(5) The compensation payable to workers who, on July 1, 1974, are in receipt of compensation for permanent total disability must not be less than $1,759.04 per month.

(6) Until changed under subsection (7), the maximum wage rate under subsection (1) is $11,200 per year.

(7) Prior to the end of each calendar year, the Board must determine the maximum wage rate to be applicable for the following calendar year.

(8) The maximum wage rate to be determined under subsection (7) must be an amount that the Board thinks represents the same relationship to the sum of $11,200 as the annual average of wages and salaries in the Province for the year preceding that in which the determination is made bears to the annual average of wages and salaries for the year 1972; and the resulting figure may be rounded to the nearest $100.

(9) For the purpose of determining annual average of wages and salaries under subsection (8), the Board may use data published or supplied by Statistics Canada.
Where a worker is injured after December 31, 1985, the references in subsections (6) and (8) to $11,200 must be read as references to $40,000, and the reference in subsection (8) to 1972 must be read as a reference to 1984.

General rule for determination of average earnings

33.1 Subject to sections 33.5 to 33.7, the Board must determine, for the shorter of the following periods, the amount of average earnings of a worker based on the rate at which the worker was remunerated by each of the employers for whom he or she was employed at the time of the injury:
(a) the initial payment period;
(b) the period starting on the date of the worker's injury and ending on the date the worker's injury results in a permanent disability, as determined by the Board.

Subject to sections 33.2 to 33.7, if a worker's disability continues after the end of the period referred to in subsection (1) (a) and (b) that is shorter for the worker, the Board must, for the period starting after the end of that shorter period, determine the amount of average earnings of the worker based on the worker's gross earnings, as determined by the Board, for the 12 month period immediately preceding the date of injury.

If 2 or more sections of sections 33.2 to 33.7 apply to the same worker for the same injury, the Board must determine the section that best reflects the worker's circumstances and apply that section.

Exception to section 33.1 (2) – apprentice or learner

This section applies to a worker who, at the time of injury, is an apprentice in a trade, an occupation or a profession, or is a person referred to in paragraph (b) of the definition of "worker".

If a worker's injury results in a temporary disability that continues after the initial payment period, the Board must, for the period starting after the end of the initial payment period, determine the amount of average earnings of the worker based on the greater of the following:
(a) the rate at which the worker was remunerated by each of the employers for whom he or she was employed at the time of the injury;
(b) the worker's gross earnings, as determined by the Board, for the 12 month period immediately preceding the date of injury.

If a worker's injury results in a permanent disability, the Board must, for the period starting on the date, as determined by the Board, that the injury resulted in a permanent disability, determine the amount of average earnings of the worker based on the gross earnings, as determined by the Board, for the 12 month period immediately preceding the date of injury, of a qualified person employed at the starting rate in the same trade, occupation or profession
(a) by the same employer, or
(b) if no person is so employed, by an employer in the same region.
In the case of a worker employed, on other than a casual or temporary basis, by the employer for less than 12 months immediately preceding the date of the injury, the Board’s determination of the amount of average earnings under section 33.1 (2) must be based on the gross earnings, as determined by the Board, for the 12 month period immediately preceding the date of injury, of a person of similar status employed in the same type and classification of employment
(a) by the same employer, or
(b) if no person is so employed, by an employer in the same region.

2002-56-17.

Exception to section 33.1 (2)

33.4 (1) If exceptional circumstances exist such that the Board considers that the application of section 33.1 (2) would be inequitable, the Board’s determination of the amount of average earnings of a worker may be based on an amount that the Board considers best reflects the worker’s loss of earnings.

(2) Subsection (1) does not apply in the circumstances described in section 33.2, 33.3, 33.5 or 33.6.

2002-56-17.

Exception to section 33.1

33.5 If a worker’s pattern of employment at the time of the injury is casual in nature, the Board’s determination of the amount of average earnings under section 33.1 from the date of injury must be based on the worker’s gross earnings, as determined by the Board, for the 12 month period immediately preceding the date of injury.

2002-56-17.

Exception to section 33.1

33.6 If an independent operator or employer, to whom the Board directs that this Part applies under section 2 (2), has purchased coverage under this Act, the Board must determine the amount of average earnings under section 33.1 from the date of injury based on the gross earnings for which coverage is purchased.

2002-56-17.

Exception to section 33.1

33.7 If a worker had no earnings at the time of the injury, the Board must determine the amount of average earnings of a worker under section 33.1 from the date of injury in a manner that the Board considers appropriate.

2002-56-17.

Determination of average net earnings

33.8 (1) In this section, “allowable deductions” means the deductions estimated by the Board under this section, based on the worker’s earnings, for the following:
(a) premiums payable by a worker under the Employment Insurance Act (Canada);
(b) contributions payable by a worker under the Canada Pension Plan;
(c) probable income taxes payable by a worker under the Income Tax Act and the Income Tax Act (Canada).
WORKERS COMPENSATION ACT

(2) This section applies to the determination of average net earnings for a worker for whichever of the following periods is shorter for the worker:
(a) the initial payment period;
(b) the period starting on the date of the worker’s injury and ending on the date the worker’s injury results in a permanent disability, as determined by the Board.

(3) In order to determine a worker’s average net earnings under this section, the Board must subtract the worker’s allowable deductions for the immediately preceding calendar year from the worker’s average earnings, as determined under sections 33.1 to 33.7.

(4) For the purposes of this section, premiums and contributions referred to in subsection (1) (a) and (b) are deemed to be payable by all workers.

(5) To estimate the probable income taxes for the purposes of this section, the Board must assume that
(a) the following deductions under the Income Tax Act and the Income Tax Act (Canada) are made for a worker:
   (i) the amounts that may be deducted under section 4.3 (1) (c) of the Income Tax Act and section 118 (1) (c) of the Income Tax Act (Canada), multiplied by 1.5;
   (ii) the amounts that may be deducted under section 4.64 of the Income Tax Act and section 118.7 of the Income Tax Act (Canada), and
(b) no other deductions may be made for a worker under the Acts referred to in paragraph (a).

Determination of average net earnings
long term injury

33.9 (1) In this section, “allowable deductions” means the deductions estimated by the Board under this section, based on the worker’s earnings, for the following:
(a) if premiums are payable by the worker under the Employment Insurance Act (Canada), those premiums;
(b) if contributions are payable by the worker under the Canada Pension Plan, those contributions;
(c) unless a worker is exempt from, or not subject to, the taxes imposed by the Income Tax Act and the Income Tax Act (Canada), probable income taxes payable by the worker under the Income Tax Act and the Income Tax Act (Canada).

(2) This section applies to the determination of average net earnings for a worker starting after the end of the period referred to in section 33.8 (2) (a) and (b) that is shorter for the worker.

(3) In order to determine a worker’s average net earnings under this section, the Board must subtract the worker’s allowable deductions for the immediately preceding calendar year from the worker’s average earnings, as determined under sections 33.1 to 33.7.

(4) To estimate the probable income taxes for the purposes of this section, the Board must assume that the following are the only deductions that may be made for a worker under the Income Tax Act and the Income Tax Act (Canada):
(a) the amounts that may be deducted under section 4.3 (1) (c) of the Income Tax Act and section 118 (1) (c) of the Income Tax Act (Canada);
(b) the amounts that may be deducted under section 4.64 of the Income Tax Act and section 118.7 of the Income Tax Act (Canada);
(c)
the amounts that may be deducted under section 4.3 (1) (a), (b) or (e) of the
Income Tax Act and section 118 (1) (a), (b) or (d) of the Income Tax Act
(Canada).

2002-56-17.

Schedule or procedure for determining
average net earnings

33.91 (1) The Board may establish for each calendar year one or more schedules of allowable
deductions, or procedures for determining allowable deductions, that may be used as a
guide to determining the allowable deductions under sections 33.8 and 33.9.

(2) The Board is not required to consider a worker’s actual circumstances
(a) in establishing a schedule or procedure under subsection (1), or
(b) in calculating the average net earnings of a worker under section 33.8 and 33.9.

2002-56-17.

Deduction from compensation in certain cases

34. (1) In fixing the amount of a periodic payment of compensation, consideration must be had
to payments, allowances or benefits which the worker may receive from the worker’s
employer during the period of the disability, including a pension, gratuity or other
allowance provided wholly at the expense of the employer, and a sum deducted under
this section from the compensation otherwise payable may be paid to the employer out
of the accident fund.

(2) Subject to sections 7 (4.1), 22 (2) and 23 (4), the Board must deduct, from the amount
of a periodic payment of compensation paid to a worker under section 22 (1) or 23 (1)
or (3) for an injury, an amount equal to 50% of any disability benefit that the worker is
paid in respect of the injury under the Canada Pension Plan.

Manner of payment of compensation

35. (1) Payments of compensation must be made periodically at the times and in the manner
and form the Board considers advisable and, in the case of minors or persons of
unsound mind who the Board considers are incapable of managing their own affairs,
may be made to the persons that the Board thinks are best qualified in all the
circumstances to administer the payments, whether or not the person to whom the
payment is made is the legal guardian of the person in respect of whom the payment is
being made.

(2) The Board may in its discretion
(a) commute all or part of the future amounts that are to be set aside for payment of a
retirement benefit and the periodic payments due or payable to the worker to one
or more lump sum payments, to be applied as directed by the Board; and
(b) divide into periodic payments compensation payable in a lump sum.

(3) In case of death or permanent total disability or in case of permanent partial disability
where the impairment of the earning capacity of the worker exceeds 10% of the
worker’s earning capacity at the time of the injury, commutation of periodic payments
must not be made under subsection (2) except on the application of and at an amount
agreed to by the dependant or worker entitled to the payments.

(4) Any compensation owing or accrued to a worker or pensioner for a period not
exceeding 3 months before his or her death may, at the discretion of the Board, be paid
to a surviving spouse or a person who takes charge of the funeral arrangements, free
from debts of the deceased.
Where a worker is receiving custodial care in a hospital or elsewhere, periodical payments of compensation due to the worker under this Part may be paid to or for the benefit of

(a) the worker to the extent the worker is able to make use of the money for his or her personal needs or is able to manage his or her own affairs; or

(b) any person who is dependent on the worker for support,

or in a case of temporary disability of the worker may be

(c) applied to the maintenance of a home to which the worker is likely to return on his or her recovery; or

(d) accumulated by the Board for payment to the worker on his or her recovery,

or in a case of permanent disability may be applied toward the cost of the worker’s maintenance, but, in that case and where the worker is conscious, there must be paid to, or for the use of, the worker a comfort allowance of at least $242.52 out of each periodic payment.

(6) Subsection (5) applies, regardless of the date of the injury.

Transitional

35.1  (1) In this section, “transition date” means the date that this section comes into force.

(2) Subject to subsection (7), this Act, as amended by the Workers Compensation Amendment Act, 2002, applies to an injury that occurs on or after the transition date.

(3) Subject to subsections (4) to (8), this Act, as it read immediately before the transition date, applies to an injury that occurred before the transition date.

(4) Subject to subsections (5) to (8), if a worker’s permanent disability first occurs on or after the transition date, as a result of an injury that occurred before the transition date, this Act, as amended by the Workers Compensation Amendment Act, 2002, applies to the permanent disability.

(5) For the purposes of subsection (4), sections 22 (1) and 23 of this Act, as amended by the Workers Compensation Amendment Act, 2002, apply as if

(a) all references, other than references in section 23 (3) (d) (i),

(i) to 90% were read as 75%, and

(ii) to “average net earnings” were read as “average earnings determined under this Act immediately before the transition date”, and

(b) section 23 (3) (d) (i) read as follows:

(i) the average earnings that the worker is earning after the injury, as determined under this Act immediately before the transition date.

(6) Section 34 (2) of this Act, as enacted by the Workers Compensation Amendment Act, 2002, does not apply in the circumstances described in subsection (4).

(7) Subject to section 19 (2.1) of this Act, section 25 of this Act, as that section read on the date section 35.2 (5) came into force, applies to compensation paid on or after that date to a worker, irrespective of the date the worker was injured.

(8) If a worker has, on or after the transition date, a recurrence of a disability that results from an injury that occurred before the transition date, the Board must determine compensation for the recurrence based on this Act, as amended by the Workers Compensation Amendment Act, 2002.

Transitional – death of worker
35.2 (1) In this section, "transition date" means the date on which this section comes into force.

(2) Subject to subsection (5), this Act, as amended by the Skills Development and Labour Statutes Amendment Act, 2003, applies to the death of a worker that occurs on or after June 30, 2002.

(3) Subject to subsections (5) and (6), this Act, as it read immediately before June 30, 2002, applies to the death of a worker that occurred before June 30, 2002.

(4) Subject to subsections (5) and (6), in recalculating compensation under section 17 (4) or (5), the Board must, if the actual date of the death of a worker was before June 30, 2002, base the recalculation on this Act as it read immediately before June 30, 2002.

(5) Subject to section 19 (2.1) of this Act, section 25 of this Act, as amended by the Skills Development and Labour Statutes Amendment Act, 2003, applies to compensation paid on or after the transition date in respect of the death of a worker irrespective of the date the worker died.

(6) Commencing on the transition date, for the purposes of applying subsections (3) and (4), the Board must adjust the dollar amounts referred to in sections 17 and 18 and Schedule C of this Act, as it read immediately before June 30, 2002, in accordance with section 25.2 (1), as amended by the Skills Development and Labour Statutes Amendment Act, 2003.

(7) In applying section 17, as amended by Skills Development and Labour Statutes Amendment Act, 2003, to a death that occurred on or after June 30, 2002 but before the transition date, the Board must consider payments paid before the transition date.

Part 1: Division 4 Accident Fund and Assessments

Accident fund

36. (1) The Board must continue and maintain the accident fund for payment of the compensation, outlays and expenses under this Part and for payment of expenses incurred in administering Part 3 of this Act.

(2) The Board is solely responsible for the management of the accident fund and must manage it with a view to the best interests of the workers’ compensation system.

Classification of industries

37. (1) The following classes are established for the purpose of assessment in order to maintain the accident fund:

Class 1: Primary resource
Class 2: Manufacturing
Class 3: Construction
Class 4: Transportation and warehousing
Class 5: Trade
Class 6: Public services
Class 7: General services
CLASS 8: Canadian Airlines International Ltd., Canadian Pacific Hotels Corporation,
Canadian Pacific Railway Company, Cominco Ltd.

CLASS 9: The Burlington Northern and Santa Fe Railway Company

CLASS 10: Air Canada, Canadian National Railway Company, Via Rail Canada Inc.

CLASS 11: British Columbia Assessment Authority, British Columbia Emergency Health
Services, British Columbia Ferry Corporation, British Columbia Railway
Company, Government of British Columbia, Workers’ Compensation Board of
British Columbia.

(2) The Board may do one or more of the following:

(a) create new classes in addition to those referred to in subsection (1);
(b) divide classes into subclasses and divide subclasses into further subclasses;
(c) consolidate or rearrange any existing classes and subclasses;
(d) assign an employer, independent operator or industry to one or more classes or
subclasses;
(e) withdraw from a class
   (i) an employer, independent operator or industry,
   (ii) a part of the class, or
   (iii) a subclass or part of a subclass,
   and transfer it to another class or subclass or form it into a separate class or
subclass;
(f) withdraw from a subclass
   (i) an employer, independent operator or industry,
   (ii) a part of the subclass, or
   (iii) another subclass or part of another subclass,
   and transfer it to another class or subclass or form it into a separate class or
subclass.

(3) If the Board exercises authority under subsection (2), it may make the adjustment and
disposition of the funds, reserves and accounts of the classes and subclasses affected
that the Board considers just and expedient.

(4) Without limiting subsection (2) or (3), for the purposes of transition in relation to the
classes established by subsection (1) as enacted by section 31 of the Labour Statutes
Amendment Act, 1999, the Board may

(a) assign or reassign employers, independent operators or industries to those classes
   as the Board considers advisable, and
(b) make the adjustment and disposition of the funds, reserves and accounts of the
   pre-existing classes that the Board considers advisable.

Employer to furnish estimate of payrolls

38. (1) Every employer must

   (a) keep at all times at some place in the Province, the location of which the employer
       has given notice to the Board, complete and accurate particulars of the employer’s
       payrolls;
   (b) cause to be furnished to the Board

       (i) when the employer becomes an employer within the scope of this Part; and,
(ii) at other times as required by a regulation of the Board of general application or an order of the Board limited to a specific employer, an estimate of the probable amount of the payroll of each of the employer’s industries within the scope of this Part, together with any further information required by the Board; and

(c) furnish certified copies of reports of the employer’s payrolls, at or after the close of each calendar year and at the other times and in the manner required by the Board.

(2) Where the employer fails to comply with subsection (1), the employer is liable to pay and must pay as a penalty for the default a percentage of the assessment prescribed by the regulations or determined by the Board, and the Board may make its own estimate of the payrolls and may make its assessment and levy on that estimate, and the employer is bound by it.

(3) In computing the amount of the payroll for the purpose of assessment, regard must be had only to that portion of the payroll that represents workers and employment within the scope of this Part. Where the wages of a worker exceed the maximum wage for one year as fixed for the time being under section 33, a deduction may be made where practical in respect of the excess; and where the wages of a worker are shown to exceed the above maximum wage rate, the Board may make a deduction where practical in respect of the portion in excess of that rate; and where a worker within the scope of this Part works at a nominal wage or no wage, the amount of the worker’s average earnings for purposes of this Part may be fixed by the Board.

(4) If an employer does not comply with subsection (1), or if a statement made in pursuance of its requirements is not true and accurate, the employer, for every failure to comply and for every such statement, commits an offence against this Part.

Assessment for accident fund

39. (1) For the purpose of creating and maintaining an adequate accident fund, the Board must every year assess and levy on and collect from independent operators and employers in each class, by assessment rated on the payroll, or by assessment rated on a unit of production, or in a manner the Board considers proper, sufficient funds, according to an estimate to be made by the Board to

(a) meet all amounts payable from the accident fund during the year;
(b) provide a reserve in aid of industries or classes which may become depleted or extinguished;
(c) provide in each year capitalized reserves sufficient to meet the periodical payments of compensation accruing in future years in respect of all injuries which occur during the year;
(d) provide a reserve to be used to meet the loss arising from a disaster or other circumstance which the Board considers would unfairly burden the employers in a class;
(e) provide and maintain a reserve for payment of that portion of the disability enhanced by reason of a pre-existing disease, condition or disability; and
(f) provide and maintain a reserve for payment of retirement benefits.

(2) Assessments may be made in the manner and form and by the procedure the Board considers adequate and expedient, and may be general as applicable to a class or subclass, or special as applicable to an industry or part or department of it.

(3) Assessments may, wherever it is considered expedient, be collected in half yearly, quarterly or monthly instalments, or otherwise; and where it appears that the funds in a class are sufficient for the time being, an instalment may be abated or its collection
deferred.

(4) If the Board thinks that there are not sufficient funds to provide the compensation or additional compensation required to be paid under this Part, it may levy and collect from employers within the scope of this Part sufficient funds for this purpose without regard to the date of injury or the period during which the employer carried on an industry under this Part; and the levy and collection may be made in the manner and at the times the Board considers equitable, and may be by way of addition to the usual assessment or by levy of special or additional assessment.

(5) If the estimated assessments in a class prove insufficient, the Board may make further assessments and levies as necessary, or the Board may temporarily advance the amount of a deficiency out of any reserve provided for that purpose and add that amount to any subsequent assessments.

(6) The Board must notify each employer of the amount of each assessment due in respect of the employer’s industry and the time when it is payable. The notice may be sent by post to the employer, and is deemed to be given to the employer on the day the notice is mailed.

(7) If for any reason an employer liable to assessment is not assessed in any year, the employer is nevertheless liable to pay the Board the amount for which the employer should have been assessed, and payment of that amount may be enforced in the same manner as the payment of an assessment may be enforced.

(8) If it is found, on an estimate made by the Board, that more than sufficient funds have been provided for the purposes set out in subsection (1) (a), (b), (d) and (e), the excess may be transferred to the capitalized reserves.

(9) Where special circumstances, including legislative change, result in claims being made or liabilities being imposed on the accident fund in excess of what the Board considers should reasonably be funded by assessments levied during the current year, the Board must raise sufficient funds by assessments during that year to meet the estimated payments due within the year, but need not establish within the year reserves to meet future payments on those claims or liabilities, and the Board may establish those reserves by assessments levied over a period of years.

Assessment by notice

40. (1) Where the Board

(a) notifies an employer of assessment rates or percentages determined by the Board in respect of the industries in which the employer is engaged; and

(b) informs the employer of the manner in which the assessment is calculated, and the date it is payable,

the notice constitutes an assessment under section 39, and the employer must, within the time limited in the notice,

(c) make a return on the form provided or prescribed by the Board; and

(d) remit the amount of the assessment.

(2) Every employer who neglects or refuses to comply with subsection (1) is liable for the penalty prescribed by the regulations or determined by the Board, and that penalty is enforceable as an assessment under this Part.

Repealed
41.  Repealed. [1993-34-7]

Classification of rates

42. The Board must establish subclassifications, differentials and proportions in the rates as between the different kinds of employment in the same class as may be considered just; and where the Board thinks a particular industry or plant is shown to be so circumstanced or conducted that the hazard or cost of compensation differs from the average of the class or subclass to which the industry or plant is assigned, the Board must confer or impose on that industry or plant a special rate, differential or assessment to correspond with the relative hazard or cost of compensation of that industry or plant, and for that purpose may also adopt a system of experience rating.

Power to vary rates

43. The Board may, in a manner that it determines, vary the rates of assessment as between different employers or levy supplementary assessments according to the estimated exposure of workers to industrial noise, and it may do so whether or not hearing protection is worn.

Temporary industries

44. (1) Where an employer engages in any industry within the scope of this Part and has not been assessed in respect of it, the Board, if it considers that the industry is to be carried on only temporarily, may require the employer to pay or to give security for the payment to the Board of a sum sufficient to pay the assessment for which the employer would be liable if the industry had been in existence when the last preceding assessment was made.

(2) Every employer who makes default in complying with a requirement of the Board under subsection (1) commits an offence against this Part.

Collection of assessments by suit or summarily

45. (1) If an assessment or part of it is not paid in accordance with the terms of the assessment and levy, the Board has a right of action against the defaulting employer in respect of the amount unpaid, together with costs of the action.

(2) Where default is made in the payment of an assessment, or part of it, the Board may issue its certificate stating that the assessment was made, the amount remaining unpaid on account of it and the person by whom it was payable, and that certificate, or a copy of it certified by the secretary under the seal of the Board to be a true copy, may be filed with any district registrar of the Supreme Court, and when so filed becomes an order of that court and may be enforced as a judgment of the court against that person for the amount mentioned in the certificate.

(SUB) Power to restrain industry if employer defaults

May 14/15

46. (1) The Supreme Court may make an order under subsection (2) if
an employer defaults in the payment of an assessment,

(b) an execution, issued on a judgment entered with respect to the assessment, is returned with a certificate from a sheriff or the sheriff’s deputy that he or she was unable wholly to satisfy the execution, and

c) an industry, or an activity in an industry, within the scope of this Part is commenced or continues to be carried on by one or more of the following persons:

(i) the judgment debtor;

(ii) if the judgment debtor is a company, within the meaning of the Business Corporations Act, an individual who is a member of the board of directors of the judgment debtor as a result of having been elected or appointed to that position;

(iii) if the judgment debtor is a corporation other than a company, within the meaning of the Business Corporations Act, a person who is a member of the board of directors or other governing body of the judgment debtor, regardless of the title by which that person is designated;

(iv) the chair or any vice chair of the board of directors or other governing body of the judgment debtor, if that chair or vice chair performs the functions of the office on a full-time basis, regardless of the title by which that person is designated;

(v) the president of the judgment debtor, regardless of the title by which that person is designated;

(vi) any vice president in charge of a principal business unit of the judgment debtor, including sales, finance or production, regardless of the title by which that person is designated;

(vii) any officer of the judgment debtor, whether or not the officer is also a director of the judgment debtor, who performs a policy-making function in respect of the judgment debtor and who has the capacity to influence the direction of the judgment debtor, regardless of the title by which that person is designated;

(viii) a person who is not described in any of subparagraphs (ii) to (vii) of this paragraph but who performs the functions described in any of those subparagraphs, and who participates in the management of the judgment debtor, other than a person who

(A) participates in the management of the judgment debtor under the direction or control of a shareholder or a person described in any of subparagraphs (ii) to (vii),

(B) is a lawyer, accountant or other professional whose primary participation in the management of the judgment debtor is the provision of professional services to the judgment debtor,

(C) is, if the judgment debtor is bankrupt, a trustee in bankruptcy who participates in the management of the judgment debtor or exercises control over its property, rights and interests primarily for the purposes of the administration of the bankrupt's estate, or

(D) is a receiver, receiver manager or creditor who participates in the management of the judgment debtor or exercises control over any of its property, rights and interests primarily for the purposes of enforcing a debt obligation of the judgment debtor.

(2) In the circumstances described in subsection (1), the Supreme Court, on an application made on behalf of the Board, without the commencement of an action, may make an order restraining one or more persons described in subsection (1) (c) (i) to (viii) from
carrying on an industry, or an activity in an industry, within the scope of this Part until the amount due on the execution, all the assessments made by the Board and the costs of the application are paid.

**Penalty for default in payment or return**

47. (1) If an assessment levied under this Part is not paid at the time when it becomes payable, the defaulting employer is liable to and must pay as a penalty for the default the percentage on the amount unpaid or the assessment for the preceding year, or the projected assessment for the current year, that may be prescribed by the regulations or determined by the Board, and the penalty may be added to the amount of the assessment and become a part of it, and where not added to the assessment must be enforced in the same manner as the payment of an assessment is enforced.

(2) An employer who refuses or neglects to make or transmit a payroll return or other statement required to be furnished by the employer under section 38 (1), or who refuses or neglects to pay an assessment, or the provisional amount of an assessment, or an instalment or part of it, must, in addition to any penalty or other liability to which the employer may be subject, pay the Board the full amount or capitalized value, as determined by the Board, of the compensation payable in respect of any injury or occupational disease to a worker in the employer's employ which happens during the period of that default, and the payment of the amount may be enforced in the same manner as the payment of an assessment may be enforced.

(3) The Board, if satisfied that the default was excusable, may in any case relieve the employer in whole or in part from liability under this section.

**Class accounts**

48. (1) Separate accounts must be maintained of the amounts collected and expended in respect of every class, reserve and special fund, but the accident fund is, for the purpose of paying compensation, one fund and indivisible.

(2) If a deficit occurs in a class or subclass, the Board may charge to that class or subclass interest on the amount of the deficit at a rate that will reimburse the accident fund for any loss sustained by reason of the deficit, and may apportion the amount of the interest received and credit it to the class or subclass or special fund from which money was advanced to meet the deficit.

**Adjustment of assessments**

49. (1) As soon as practicable in each year the amount of the assessment for the preceding calendar year must be adjusted on the estimated requirements of the class and on the correctly ascertained payroll of each industry, and the employer must promptly make up and pay to the Board any deficiency, or the Board must refund to the employer any surplus, or credit the surplus on the succeeding assessment as the case may require. Where the ascertained payroll exceeds the estimate of it on which the employer was assessed, or where the employer remits less than the amount of the assessment due to the Board, the Board may on the adjustment charge to that employer interest on the amount of the deficiency in the assessment at a rate that in its opinion will reimburse the accident fund for any loss sustained by reason of the deficiency, and the interest must be added to the amount of the
deficiency and becomes a part of it.

(2) Where in an industry a change of ownership or employership has occurred, the Board may levy any part of the deficiency or the unpaid amount of the assessment on any of the successive owners or employers, or pay or credit to any one or more of the owners the surplus that the case requires, but as between or among the successive owners the assessments in respect of the employment are, in the absence of an agreement between the respective owners or employers determining the same, apportionable, as nearly as may be, in accordance with the proportions of the payrolls of the respective periods of ownership or employership.

Collection from contractors

50. Where work within the scope of this Part is performed under contract for a municipal corporation, or for a board or commission having the management of any work or service operated for a municipal corporation, an assessment in respect of the work may be paid by the corporation, board or commission, as the case may be, and the amount of the assessment may be deducted from money due the contractor in respect of the work.

Contractor liability

51. (1) Where work within the scope of this Part is undertaken for a person by a contractor, both the contractor and the person for whom the work is undertaken are liable for the amount of any assessment in respect of it, and the assessment may be levied on and collected from either of them, or partly from each; but in the absence of a term in the contract to the contrary the contractor is, as between the contractor and the person for whom the work is performed, primarily liable for the amount of the assessment.

(2) Where work within the scope of this Part is performed under subcontract, both the contractor and the subcontractor are liable for the amount of the assessments in respect of the work; and the assessments may be levied on and collected from either, or partly from each; but in the absence of a term in the subcontract to the contrary the subcontractor is, as between the subcontractor and the contractor, primarily liable for the assessments.

(3) Where a contractor or subcontractor who is executing work in or for the purposes of an industry within the scope of this Part carried on by another person (in this subsection referred to as the “principal”) is not assessed with respect to the work so executed, the workers of the contractor or subcontractor may, in the discretion of the Board, be deemed workers of the principal with respect to the industry so carried on by the principal.

(4) For the purposes of this section, a person, contractor, subcontractor or principal includes an employer within the scope of Part 1.

Priority as to amounts due Board

52. (1) Notwithstanding anything contained in any other Act, the amount due by an employer to the Board, or where an assignment has been made under subsection (4), its assignee, on an assessment made under this Act, or in respect of an amount which the employer is required to pay to the Board under this Act, or on a judgment for it, constitutes a lien in favour of the Board or its assignee payable in priority over all liens, charges or mortgages of every person, whenever created or to be created, with respect to the property or proceeds of
property, real, personal or mixed, used in or in connection with or produced in or by the industry with respect to which the employer was assessed or the amount became payable, excepting liens for wages due to workers by their employer, and the lien for the amount due the Board or its assignee continues to be valid and in force with respect to each assessment until the expiration of 5 years from the end of the calendar year for which the assessment was levied.

(1.1) The exception in subsection (1) does not apply in respect of a lien for wages that is, by section 87 (5) of the Employment Standards Act, postponed to a mortgage or debenture.

(2) Where the employer is a corporation, the word “property” in subsection (1) includes the property of any director, manager or other principal of the corporation where the property is used in, or in connection with, the industry with respect to which the employer was assessed or the amount became payable, or was so used within the period in respect of which assessments are unpaid.

(3) Without limiting subsection (1), the Board may enforce its lien by proceedings under the Court Order Enforcement Act.

(4) The Board may assign its lien rights to a person, contractor or subcontractor who has fully discharged his or her liability for the amount of an assessment under section 51 by payment of it.

**Part 1: Division 5 Procedure and Miscellaneous**

**Worker’s notification of injury**

**53.** (1) In every case of an injury or disabling occupational disease to a worker in an industry within the scope of this Part, the worker, or in case of death the dependant, must as soon as practicable after the occurrence inform the employer by giving information of the disease or injury to the superintendent, first aid attendant, supervisor, agent in charge of the work where the injury occurred or other appropriate representative of the employer, and the information must include the name of the worker, the time and place of the occurrence, and, in ordinary language, the nature and cause of the disease or injury.

(2) In the case of an occupational disease, the employer to be informed of the death or disablement is the employer who last employed the worker in the employment to the nature of which the disease was due.

(3) The worker must, if he or she is fit to do so and on request of the employer, provide to the employer particulars of the injury or occupational disease on a form prescribed by the Board and supplied to the worker by the employer.

(4) Failure to provide the information required by this section is a bar to a claim for compensation under this Part, unless the Board is satisfied that

(a) the information, although imperfect in some respects, is sufficient to describe the disease or injury suffered, and the occasion of it;

(b) the employer or the employer’s representative had knowledge of it; or

(c) the employer has not been prejudiced, and the Board considers that the interests of justice require that the claim be allowed.

**Employer’s notification of injury**
54.  (1) Subject to subsection (6), an employer must report to the Board within 3 days of its occurrence every injury to a worker that is or is claimed to be one arising out of and in the course of employment.

(2) Subject to subsection (6), an employer must report to the Board, within 3 days of receiving information under section 53, every disabling occupational disease, or claim for or allegation of an occupational disease.

(3) An employer must report immediately to the Board and to its local representative the death of a worker where the death is or is claimed to be one arising out of and in the course of employment.

(4) The report must be on the form prescribed by the Board and must state

(a) the name and address of the worker;
(b) the time and place of the disease, injury or death;
(c) the nature of the injury or alleged injury;
(d) the name and address of any physician or qualified practitioner who attended the worker; and
(e) any other particulars required by the Board or by the regulations,

and may be made by mailing copies of the form addressed to the Board at the address the Board prescribes.

(5) The failure to make a report required by virtue of this section, unless excused by the Board on the ground that the report for some sufficient reason could not have been made, constitutes an offence against this Part.

(6) Without limiting in any way the authority of the Board under section 75, the Board may by regulation

(a) define and prescribe a category of minor injuries not required to be reported under this section; and
(b) define or vary the time at which the obligation to report under this section commences.

(7) Where a report required by this section is not received by the Board within 7 days of an injury or death, or any other time prescribed by regulation under subsection (6), the Board may make an interim adjudication of the claim, and, where it allows the claim on an interim basis, may commence the payment of compensation in whole or in part.

(8) Any compensation paid under subsection (7), until 3 days after receipt by the Board of the report required by this section, may be levied and collected from the employer by way of additional assessment as a contribution to the accident fund, and payment may be enforced in like manner as other assessments.

(9) Where the Board is satisfied that the delay in reporting was excusable, it may relieve the employer in whole or in part of the additional assessment imposed under subsection (8).

Application for compensation

55.  (1) An application for compensation must be made on the form prescribed by the Board or the regulations and must be signed by the worker or dependant; but, where the Board is satisfied that compensation is payable, it may be paid without an application.

(2) Unless an application is filed, or an adjudication made, within one year after the date of injury, death or disablement from occupational disease, no compensation is payable, except as provided in subsections (3), (3.1), (3.2) and (3.3).

(3) If the Board is satisfied that there existed special circumstances which precluded the filing of an application within one year after the date referred to in subsection (2), the Board may pay the compensation provided by this Part if the application is filed within
3 years after that date.

(3.1) The Board may pay the compensation provided by this Part for the period commencing on the date the Board received the application for compensation if
(a) the Board is satisfied that special circumstances existed which precluded the filing of an application within one year after the date referred to in subsection (2), and
(b) the application is filed more than 3 years after the date referred to in subsection (2).

(3.2) The Board may pay the compensation provided by this Part if
(a) the application arises from death or disablement due to an occupational disease,
(b) sufficient medical or scientific evidence was not available on the date referred to in subsection (2) for the Board to recognize the disease as an occupational disease and this evidence became available on a later date, and
(c) the application is filed within 3 years after the date sufficient medical or scientific evidence as determined by the Board became available to the Board.

(3.3) Despite section 96 (1), if, since July 1, 1974, the Board considered an application under the equivalent of this section in respect of death or disablement from occupational disease, the Board may reconsider that application, but the Board must apply subsection (3.2) of this section in that reconsideration.

(4) This section applies to an injury or death occurring on or after January 1, 1974 and to an occupational disease in respect of which exposure to the cause of the occupational disease in the Province did not terminate prior to that date.

Duty of physician or practitioner

56. (1) It is the duty of every physician or qualified practitioner attending or consulted on a case of injury to a worker, or alleged case of injury to a worker, in an industry within the scope of this Part
(a) to furnish the reports in respect of the injury in the form required by the regulations or by the Board, but the first report containing all information requested in it must be furnished to the Board within 3 days after the date of his or her first attendance on the worker;
(b) to furnish a report within 3 days after the worker is, in the opinion of the physician or qualified practitioner, able to resume work and, if treatment is being continued after resumption of work, to furnish further adequate reports;
(c) if the physician is a specialist whose opinion is requested by the attending physician, the worker or the Board, or if the physician continues to treat the worker after being consulted as a specialist, to furnish his or her first report to the Board within 3 days after completion of consultation; but if the specialist is regularly treating the worker, the specialist must submit reports as required in paragraphs (a) and (b); and
(d) to give all reasonable and necessary information, advice and assistance to the injured worker and the worker’s dependants in making application for compensation, and in furnishing in connection with it the required certificates and proofs, without charge to the worker.

(2) Every physician or qualified practitioner who is authorized by this Act to treat an injured worker is subject to like duties and responsibilities, and any health care furnished by the physician or qualified practitioner is subject to the direction, supervision and control of the Board.

(3) Unless the Board otherwise directs, an account for medical services or health care must not be paid if it is submitted later than 90 days from the date that
(a) the last treatment was given; or
(b) the physician or person furnishing the medical service was first aware that the Board
may be liable for his or her services,
whichever first occurs.
(4) A physician, qualified practitioner or other person authorized to render health care under
this Part must confine his or her treatment to injuries to the parts of the body he or she is
authorized to treat under the statute under which he or she is permitted to practise, and the
giving of any unauthorized treatment is an offence against this Part.
(5) A physician, qualified practitioner or other person who fails to submit prompt, adequate
and accurate reports and accounts as required by this Act or the Board commits an offence
against this Part, and his or her right to be selected by a worker to render health care may
be cancelled by the Board, or he or she may be suspended for a period to be determined by
the Board. When the right of a person to render health care is so cancelled or suspended,
the Board must notify the person of the cancellation or suspension, and must likewise
inform the governing body named in the Act under which the person is authorized to treat
human ailments, and the person whose right to render health care is cancelled or suspended
must also notify injured workers who seek treatment from the person of the cancellation or
suspension.

Worker to submit to examination

57.  (1) The Board may require a worker who applies for or is in receipt of compensation under this
Part to be medically examined at a place reasonably convenient for the worker. If the
worker fails to attend for the examination or obstructs the medical examiner, the worker’s
right to compensation is suspended until the examination has taken place, and no
compensation is payable during the period of suspension.
(2) The Board may reduce or suspend compensation when the worker
(a) persists in insanitary or injurious practices which tend to imperil or retard his or her
recovery; or
(b) refuses to submit to medical or surgical treatment which the Board considers, based
on expert medical or surgical advice, is reasonably essential to promote his or her
recovery.

Obligation to provide information

57.1 (1) A worker who applies for or is receiving compensation must provide the Board with the
information that the Board considers necessary to administer the worker’s claim.
(2) If a worker fails to comply with subsection (1), the Board may reduce or suspend
payments to the worker until the worker complies.

(1) Subject to any rules, practices or procedures established by the chair, the appeal tribunal may conduct an appeal in the manner it considers necessary, including conducting hearings in writing or orally with the parties present in person, by means of teleconference or videoconference facilities or by other electronic means.

(2) Without restricting subsection (1), the appeal tribunal may do one or more of the following:
   (a) and (b) Repealed. [2004-45-183]
   (c) inquire into the matter under appeal and consider all information obtained;

   (i) request any person or representative group to participate in an appeal if the tribunal considers that this participation will assist the tribunal to fully consider the merits of the appeal.

(3) If, in an appeal, the appeal tribunal considers there to be a matter that should have been determined but that was not determined by the Board, the appeal tribunal may refer that matter back to the Board for determination and suspend the appeal proceedings until the Board provides the appeal tribunal with that determination.

(4) If the appeal tribunal refers a matter back to the Board for determination under subsection (3), the appeal tribunal must consider the Board's determination in the context of the appeal and no review of that determination may be requested under section 96.2.

(5) If a party fails to comply with an order of the appeal tribunal or with the rules of practice and procedure of the appeal tribunal, including any time limits specified for taking any actions, after giving notice to that party the appeal tribunal may do one or more of the following:

   (b) continue with the appeal and make a decision based on the evidence before it, with or without providing an opportunity for submissions;
   (c) dismiss the application.

Evidence admissible in appeal tribunal proceedings 246.1 (1) The appeal tribunal may receive and accept information that it considers relevant, necessary and appropriate, whether or not the information would be admissible in a court of law.

492 [RSBC 1996]
Despite subsection (1), the appeal tribunal may exclude anything unduly repetitious.

Nothing is admissible before the appeal tribunal that is inadmissible in a court because of a privilege under the law of evidence.

Nothing in subsection (1) overrides the provisions of any Act expressly limiting the extent to or purposes for which any oral testimony, documents or things may be admitted or used in evidence.

Notes or records kept by a person appointed by the appeal tribunal to conduct a dispute resolution process in relation to an appeal are inadmissible in appeal tribunal proceedings.

Witnesses

At any time before or during a hearing, but before its decision, the appeal tribunal may make an order requiring a person

(a) to attend an oral or electronic hearing to give evidence on oath or affirmation or in any other manner that is admissible and relevant to an issue in an appeal, or

(b) to produce for the appeal tribunal or a party a document or other thing in the person’s possession or control, as specified by the appeal tribunal, that is admissible and relevant to an issue in an appeal.

The appeal tribunal may apply to the Supreme Court for an order

(a) directing a person to comply with an order made by the appeal tribunal under subsection (1), or

(b) directing any directors and officers of a person to cause the person to comply with an order made by the appeal tribunal under subsection (1).

On an appeal, the appeal tribunal may cause depositions of witnesses residing in or out of the Province to be taken before a person appointed by the appeal tribunal in a similar manner to that prescribed by the Supreme Court Civil Rules for the taking of like depositions in the Supreme Court before a commissioner.

Despite subsections (1) to (2), an officer, an employee or a contractor of the Board may only be compelled to give evidence or produce books, papers, documents and things that

(a) relate to the issues in a specific appeal, and

(b) are necessary for the appeal tribunal to address those issues and to make a decision in the appeal.

Despite subsections (1) to (2), a member of the board of directors or an officer, an employee or a contractor of the Board may not be compelled to give evidence or produce books, papers, documents and things respecting the development or adoption of the policies of the board of directors.

Subject to subsections (2) and (3), for the purposes of a specific appeal, if the employer has ceased to be an employer within the meaning of Part 1, the appeal tribunal may deem an employers’ adviser within the meaning of section 94 or an organized group of employers to be the employer.

An organized group of employers may be recognized by the appeal tribunal for the purposes of subsection (1) only if the organized group includes among its members employers in the subclass of industry to which the employer who has ceased to be an employer belonged.
If, for the purposes of the review under section 96.2 of a decision respecting a specific matter, an organized group of employers or an employers' adviser was deemed to be the employer, the group or employers' adviser, as the case may be, is deemed to be the employer for the purposes of appealing the review officer's decision in that matter and participating in the appeal.

Health professional assistance

249. (1) In this section, "health professional" means a medical practitioner, a person entitled to practise medicine under the laws of another jurisdiction or any other person with prescribed qualifications.

(2) The chair must establish a list of health professionals who may be retained to provide independent assistance or advice on the request of the appeal tribunal in an appeal.

(3) The list established by the chair under subsection (2) must not include any person who is employed by the Board.

(4) After taking into account any fee schedule established by the Board for services provided by health professionals, the chair may determine the terms and conditions, including remuneration and reimbursement of expenses, under which a health professional may be retained by the appeal tribunal under this section.

(5) Except with the written consent of the parties to the appeal, the appeal tribunal must not retain a health professional to provide independent assistance or advice in respect of a specific appeal if the health professional

(a) has previously examined the worker whose claim is the subject of the appeal,
(b) is treating or has previously treated the worker,
(c) has been consulted in the treatment of the worker,
(d) has acted as a consultant to the employer,
(e) is a partner of or practises with a health professional described in this subsection, or
(f) is otherwise in circumstances that could result in a reasonable apprehension of bias.

(6) If the appeal tribunal determines that independent assistance or advice from a health professional would assist in reaching a decision on an appeal, the presiding member may retain a health professional from the list described in subsection (2) to provide such assistance or advice.

(7) When a health professional is retained under subsection (6), the presiding member must set the terms of reference for the advice, including requiring a written report, setting any time periods for providing the report and specifying any questions to be answered in the report.

(8) If the health professional retained under subsection (6) considers it necessary to examine a worker in order to provide the independent assistance or advice set out in the terms of reference under subsection (7), the health professional may require the worker to attend for an examination by giving the worker written notice.

(9) If the worker fails to present himself or herself for the examination required under subsection (8) or obstructs that examination without reasonable cause, the appeal tribunal may, after giving notice to the worker, do one or more of the following:

(a) direct the health professional to reschedule the examination of the worker and give the worker notice of the rescheduled examination;
(b) direct the health professional to provide a report without examining the worker;
(c) make a determination that the worker has abandoned the appeal.

(10)
The appeal tribunal must give a copy of the health professional's written report to the parties to the appeal.

(11) The parties to an appeal may make submissions to the appeal tribunal in respect of the report provided to them under subsection (10).

(12) The appeal tribunal may suspend an appeal until a health professional's report to be provided under this section in respect of that appeal is received by the appeal tribunal.

(13) Subsection (5) does not prohibit the appeal tribunal in an appeal
(a) from requesting a health professional to provide it with medical evidence or to clarify or interpret medical evidence previously provided by the health professional, or
(b) from compensating the health professional for the services described in paragraph (a).

(14) Evidence or advice given under subsection (13) is not independent assistance or advice within the meaning of this section.

**Appeal tribunal decision-making**

250. (1) The appeal tribunal may consider all questions of fact and law arising in an appeal, but is not bound by legal precedent.

(2) The appeal tribunal must make its decision based on the merits and justice of the case, but in so doing the appeal tribunal must apply a policy of the board of directors that is applicable in that case.

(3) Despite subsection (1), the appeal tribunal is bound by a prior decision of a panel appointed under section 238 (6) unless
(a) the specific circumstances of the matter under appeal are clearly distinguishable from the circumstances addressed in the prior decision,
(b) subsequent to the prior decision, a policy of the board of directors that the panel relied upon in the prior decision was repealed, replaced or revised, or
(c) the prior decision has been overruled under subsection (3.1) of this section.

(3.1) Despite subsection (3), a panel appointed under section 238 (6) may overrule a prior decision of another panel appointed under that section.

(4) If the appeal tribunal is hearing an appeal respecting the compensation of a worker and the evidence supporting different findings on an issue is evenly weighted in that case, the appeal tribunal must resolve that issue in a manner that favours the worker.

**Application of policies of board of directors**

251. (1) The appeal tribunal may refuse to apply a policy of the board of directors only if the policy is so patently unreasonable that it is not capable of being supported by the Act and its regulations.

(2) If, in an appeal, the appeal tribunal considers that a policy of the board of directors should not be applied, that issue must be referred to the chair and the appeal proceedings must be suspended until the chair makes a determination under subsection (4) or the board of directors makes a determination under subsection (6), as the case may be.

(3) As soon as practicable after an issue is referred under subsection (2), the chair must determine whether the policy should be applied.

(4) If the chair determines under subsection (3) that the policy should be applied, the chair must refer the matter back to the appeal tribunal and the tribunal is bound by that
(5) If the chair determines under subsection (3) that the policy should not be applied, the chair must
(a) send a notice of this determination, including the chair’s written reasons, to the board of directors, and
(b) suspend any other appeal proceedings that are pending before the appeal tribunal and that the chair considers to be affected by the same policy until the board of directors makes a determination under subsection (6).

(6) Within 90 days after receipt of a notice under subsection (5) (a), the board of directors must review the policy and determine whether the appeal tribunal may refuse to apply it under subsection (1).

(7) On a review under subsection (6), the board of directors must provide the following with an opportunity to make written submissions:
(a) the parties to the appeal referred to in subsection (2);
(b) the parties to any appeals that were pending before the appeal tribunal on the date the chair sent a notice under subsection (5) (a) and that were suspended under subsection (5) (b).

(8) After the board of directors makes a determination under subsection (6), the board of directors must refer the matter back to the appeal tribunal, and the appeal tribunal is bound by that determination.

(9) The chair must not make a general delegation of his or her authority under subsection (3), (4) or (5), but if the chair believes there may be a reasonable apprehension of bias the chair may delegate this authority to a vice chair or to a panel of the appeal tribunal for the purposes of a specific appeal.

Suspension of appeal proceedings

(ADD) 252. (1) On application of the appellant or on the chair’s own initiative, the chair may suspend appeal proceedings if a Board’s decision respecting a matter that is related to the appeal is pending.

(2) Within 30 days after the Board’s decision referred to in subsection (1) is made, the appellant may request the appeal tribunal to continue the appeal proceedings and, on receipt of that request, the appeal tribunal must continue the proceedings.

(3) If the appellant requests the appeal tribunal to continue the appeal proceedings before the Board’s decision referred to in subsection (1) is made, the chair may
(a) direct the appeal tribunal to continue the proceedings, or
(b) continue the suspension until the Board’s decision is made.

(4) On application, and where the chair is satisfied that
(a) special circumstances existed which precluded the making of a request within the time required in subsection (2), and
(b) an injustice would otherwise result, the chair may extend the time to make a request under subsection (2) even if the time to make the request has expired.

Decision

(ADD) 253. (1) On an appeal, the appeal tribunal may confirm, vary or cancel the appealed decision or order.

(2) Despite subsection (1), on an appeal under section 240 (2), the appeal tribunal may make one of the following decisions:
(a)
the matter that is the subject of the application under section 96 (2) must be reopened;
(b) the matter that is the subject of the application under section 96 (2) may not be reopened.

(3) The appeal tribunal's final decision on an appeal must be made in writing with reasons.

(4) Subject to any suspensions of the appeal proceedings permitted under this Part, the appeal tribunal must make its final decision on an appeal
(a) within 180 days after the appeal tribunal receives a copy of the records provided under section 245 (3) respecting the matter under appeal, or
(b) if a shorter time period is prescribed by the Lieutenant Governor in Council, within that shorter time period.

(5) The chair may extend the applicable time period under subsection (4) if
(a) the complexity of the proceedings in the appeal or of the matter under appeal makes the time period impractical, or
(b) the appellant requests a delay in the proceedings to submit new evidence or make additional submissions.

(6) If the appellant has requested a delay for a reason referred to in subsection (5) (b), the chair may extend the time for not more than 45 days.

(7) If the time is extended under subsection (6), the chair, on application, must extend the time for an additional period not exceeding that granted under subsection (6) to allow the other parties to the appeal to submit new evidence or to make additional submissions.

(8) The chair may extend the time under this section even if the applicable time period under subsection (4) has expired.

Amendment to final decision

253.1 (1) If a party applies or on the appeal tribunal's own initiative, the appeal tribunal may amend a final decision to correct any of the following:
(a) a clerical or typographical error;
(b) an accidental or inadvertent error, omission or other similar mistake;
(c) an arithmetical error made in a computation.

(2) Unless the appeal tribunal determines otherwise, an amendment under subsection (1) must not be made more than 90 days after all parties have been served with the final decision.

(3) Within 90 days after being served with the final decision, a party may apply to the appeal tribunal for clarification of the final decision and the appeal tribunal may amend the final decision only if the appeal tribunal considers that the amendment will clarify the final decision.

(4) The appeal tribunal may not amend a final decision other than in those circumstances described in subsections (1) to (3).

(5) This section must not be construed as limiting the appeal tribunal's ability, on request of a party, to reopen an appeal in order to cure a jurisdictional defect.

2004-45-186.

Part 4: Division 4  General
The appeal tribunal has exclusive jurisdiction to inquire into, hear and determine all those matters and questions of fact, law and discretion arising or required to be determined under this Part and to make any order permitted to be made, including the following:

(b) all appeals from Board decisions or orders as permitted under section 240;
(c) all matters that the appeal tribunal is requested to determine under section 257;

255. (1) Any decision or action of the chair or the appeal tribunal under this Part is final and conclusive and is not open to question or review in any court.

(2) Proceedings by or before the chair or appeal tribunal under this Part must not
(a) be restrained by injunction, prohibition or other process or proceeding in any court, or
(b) be removed by certiorari or otherwise into any court.

(3) The Board must comply with a final decision of the appeal tribunal made in an appeal under this Part.

(4) A party in whose favour the appeal tribunal makes a final decision, or a person designated in the final decision, may file a certified copy of the final decision with the Supreme Court.

(5) A final decision filed under subsection (4) has the same force and effect, and all proceedings may be taken on it, as if it were a judgment of the Supreme Court.

2002-66-33; 2004-45-188.

Reconsideration of appeal decision

256. (1) This section applies to a decision in

(a) a completed appeal by the appeal tribunal under this Part or under Part 2 of the Workers Compensation Amendment Act (No. 2), 2002, and
(b) a completed appeal by the appeal division under a former enactment or under Part 2 of the Workers Compensation Amendment Act (No. 2), 2002.

(2) A party to a completed appeal may apply to the chair for reconsideration of the decision in that appeal if new evidence has become available or been discovered.

(3) On receipt of an application under subsection (2), the chair may refer the decision to the appeal tribunal for reconsideration if the chair is satisfied that the evidence referred to in the application
(a) is substantial and material to the decision, and
(b) did not exist at the time of the appeal hearing or did exist at that time but was not discovered and could not through the exercise of reasonable diligence have been discovered.

(4) Each party to a completed appeal may apply for reconsideration of a decision under this section on one occasion only.

Certification to court

257. (1) Where an action is commenced based on
(a) a disability caused by occupational disease,
(b) a personal injury, or
(c) death,
the court or a party to the action may request the appeal tribunal to make a
determination under subsection (2) and to certify that determination to the court.

(2) For the purposes of subsection (1), the appeal tribunal may determine any matter that is
relevant to the action and within the Board's jurisdiction under this Act, including
determining whether
(a) a person was, at the time the cause of action arose, a worker,
(b) the injury, disability or death of a worker arose out of, and in the course of, the
worker's employment,
(c) an employer or the employer's servant or agent was, at the time the cause of
action arose, employed by another employer, or
(d) an employer was, at the time the cause of action arose, engaged in an industry
within the meaning of Part 1.

(3) This Part, except section 253 (4), applies to proceedings under this section as if the
proceedings were an appeal under this Part.

Payment of compensation

258. (1) If, following a review under section 96.2, a review officer's decision requires payments
to be made to a worker or a deceased worker's dependants, the Board must
(a) begin any periodic payments, and
(b) pay any lump sum due under section 17 (13).

(2) In the absence of fraud or misrepresentation, an amount paid under subsection (1) to a
worker or a deceased worker's dependants is not recoverable.

(3) If a review officer has made a decision described under subsection (1), the Board must
defer the payment of any compensation applicable to the time period before that
decision
(a) for a period of 40 days following the review officer's decision, and
(b) if the review officer's decision is appealed under section 239, for a further period
until the appeal tribunal has made a final decision or the appeal has been
withdrawn, as the case may be.

(4) Subsection (3) applies despite section 19.1, 22 (1), 23 (1) or (3), 29 (1) or 30 (1).

(5) If the appeal tribunal's decision on an appeal requires the payment of compensation, all
or part of which was deferred under subsection (3), interest must be paid on the
defered amount of that compensation as specified in subsection (6).

(6) Interest payable under subsection (5) must be calculated in accordance with the policies
of the board of directors and begins
(a) 41 days after the review officer made his or her decision, or
(b) on an earlier day determined in accordance with the policies of the board of
directors.

Payment of interest

259. (1) The commencement of a review under section 96.2 or of an appeal under this Part
respecting a matter described in section 96.2 (1) (b) does not relieve an employer from
paying an amount in respect of a matter that is the subject of the review or appeal.

(2) If the decision on a review or an appeal referred to in subsection (1) requires the refund
of an amount to an employer, interest calculated in accordance with the policies of the
board of directors must be paid to the employer on that refunded amount.

Confidentiality obligation

The loss of hearing in decibels in the first column is the arithmetic average of thresholds of hearing measured in each ear in turn by pure tone, air conduction audiometry at frequencies of 500, 1 000 and 2 000 Hertzian waves, the measurements being made with an audiometer calibrated according to standards prescribed by the Board.
WHEREAS sections 25 and 25.2 of the Workers Compensation Act ("Act") requires the Board to determine as of January 1, 2018, a percentage change by comparing the Consumer Price Index for October 2017 with the Consumer Price Index for October 2016 and by applying that percentage change to adjust those periodic payments of compensation referred to in section 25 (3), and to adjust dollar amounts in the Act referred to in section 25.2 (1);

AND WHEREAS the Board is advised that the Consumer Price Index for October 2016 was 129.1 and for October 2017 was 130.9, giving a percentage change of 1.394268% and subtracting 1% gives a percentage change of 0.394268%;

AND WHEREAS section 25 (2) requires that the percentage resulting from calculations made under section 25 (1), for the purposes of section 25 (3), must not be greater than 4% or less than 0%;
